

## SENATOR SIMPSON IS ACCUSED BY GIRL

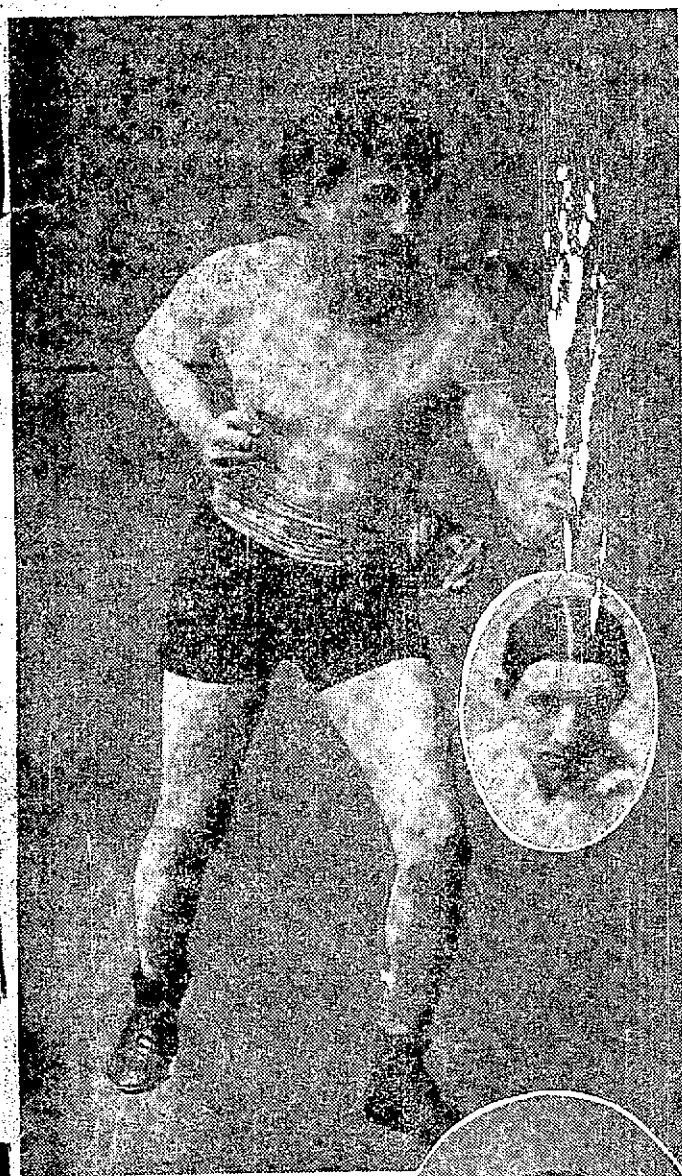

SENATOR M. W. SIMPSON, CITY ATTORNEY OF ALAMEDA, FOLLOWS UP WITH AN INDIGNANT DENIAL OF THE ANNOUNCEMENT OF MRS. EMMA DAVIS OF 1827 PACIFIC AVENUE, ALAMEDA, THAT HE AND HER DAUGHTER, ISABELLA, ARE ENGAGED. BUT MRS. DAVIS TODAY MADE A REQUEST TO THE DISTRICT ATTORNEY FOR THE SENATOR'S ARREST ON A FELONY CHARGE. MOTHER AND DAUGHTER TREAT THE SENATOR'S DENIAL AS SOMETHING THAT WILL HAVE TO BE WITHDRAWN, AND ARE MAKING READY TO RING THE WEDDING BELLS. THE MOTHER SAYS SIMPSON AND BELLA WERE IN LOVE AT FIRST SIGHT TWO YEARS AGO AND HAVE BEEN ENGAGED SINCE LAST AUGUST; THAT THE SENATOR DID NOT CALL AT THE DAVIS HOUSE, BUT MET THE GIRL IN HIS OFFICE, WHERE THE SURROUNDINGS WERE MORE ROMANTIC. THE WARRANT MRS. DAVIS ASKED HAS NOT BEEN ISSUED, BUT THE DISTRICT ATTORNEY'S OFFICE WILL INVESTIGATE THE MOTHER'S STATEMENT.

HARRY TENNY, THE LITTLE PRIZEFIGHTER, WHO WAS LAST NIGHT TERRIBLY BEATEN IN A FIGHT WITH FRANKIE NEIL, DIED ABOUT EIGHT O'CLOCK THIS MORNING IN SAN FRANCISCO. FROM THE TIME HE WAS CARRIED FROM HIS CORNER LAST NIGHT, LIMP AND ALL BUT LIFELESS, TENNY RAPIDLY SANK. ALL CONNECTED WITH THE FIGHT HAVE BEEN ARRESTED. BILLY ROCHE ACTED AS REFEREE; TENNY'S CHIEF SECOND WAS MARK SHAUGHNESSY; NEIL'S SECONDS WERE "SPIDER" KELLY AND TIM M'GRATH; BILLY JORDAN WAS ANNOUNCER, AND MORRIS LEVY, JIMMY COFFROTH, EDDIE GRANEY, WILLIS BRITT AND OTHER WELL KNOWN SPORTING MEN WERE THE PROMOTERS OF THE AFFAIR. TENNY'S DEATH IS THE SECOND RESULTING FROM RING CONTESTS HERE WITHIN THE MONTH. ON THE NIGHT OF FEB. 5, ALEXANDER DOEVIN WAS BEATEN TO DEATH BY "CHIEFY" JOHNSON IN AN UNLICENSED AMATEUR FIGHT AT COLMA.

## CHARGES THAT HARRY TENNY WAS POISONED

### DECLARES BOY WAS DRUGGED

THE LARGE CUT IS THAT OF HARRY TENNY, WHO DIED IN SAN FRANCISCO THIS MORNING, AS THE RESULT OF BLOWS ADMINISTERED DURING A PRIZE FIGHT LAST NIGHT WITH FRANKIE NEIL. THE SMALL CUT IS THAT OF NEIL. BELOW IS ALSO GIVEN A PICTURE OF BILLY ROCHE, WHO REFEREED THE CONTEST.

### Defeated Boxer Dies in Great Agony.

SAN FRANCISCO, March 1.—After making the autopsy Coroner's Surgeon Cusack announced that Tenny's death was due to cerebral hemorrhage caused probably by a blow. It has been discovered that strychnine and possibly other drugs were given Tenny during the night, so the stomach was removed and sent to the city chemist, who will analyze the contents. His mother says that he was poisoned.

SAN FRANCISCO, March 1.—Harry Tenny, the little fighter who was last night terribly beaten in a fight with Frankie Neil, died about 8 o'clock this morning in Burn's hamman baths in the street near O'Farrell.

His death was undoubtedly the result of

### TWO MEN INJURED IN AN EXPLOSION AT POWDER WORKS

DYNAMITE CAPS BLOW UP, WOUNDING EMPLOYEES AT POINT ISABELLA FACTORY.

BERKELEY, March 1.—Chief Chemist Hyde and John Hansen, employees at the Vigorite Powder Works at Point Isabella, were severely injured this morning by the premature explosion of dynamite concussion caps; they were testing the caps, and, either through their own carelessness or a defect in the ammunition, the explosion resulted, and Chemist Hyde's kneecap was blown off. One hand of John Hansen's was so torn and mangled by the explosion that amputation may be necessary.

BLOOD STREAMING.  
The explosion in which Chemist Hyde was hurt took place shortly after

the works were opened this morning. Hyde fell to the floor and when workmen hurried to his assistance they found blood streaming from his leg. The dynamite cap had inverted itself in his flesh near the knee and the kneecap was shattered.

The injured man was brought to Berkeley, where Dr. Woolsey dressed the injury.

The accident to John Hansen occurred an hour later. He was testing a dynamite cap when it exploded in his hands. Three fingers were torn off and the flesh was mangled. Hansen was also brought to Berkeley, and later removed to his home.

### SHYLOCK IS HOUNDING BONI BOY DRIVEN AWAY BY DEATH

WOULD LEVY ON CASTELLANE MANSION. WANDERS STREETS AFTER MOTHER'S BURIAL.

PARIS, March 1.—An application was made to the civil tribunal of the Seine today in behalf of a money lender, for permission to levy on the household goods in the Castellane mansion to satisfy a claim for money advanced to Count Boni. The lawyers of the Countess resisted the request on the ground that the goods are her separate property.

The case finally was referred to a judge in chambers to determine whether the Counts' belongings are in the mansion. The case is considered to be a test affecting numerous creditors.

CONTINUE INDIANS' TRIBAL GOVERNMENT

WASHINGTON, March 1.—The House, upon meeting today, agreed to a Senate joint resolution which continues the tribal government of the five civilized tribes of Indians in the Indian Territory until the property of the Indians shall be disposed of.

Willie Armstrong, a ten-year-old, was taken charge of by the police last night as a runaway. Behind this arrest lies a very pathetic story. The mother of the boy died at her home, 1831 Grove street, last week, and was buried last Monday. Since then the lad has been roaming the streets begging food and sleeping wherever night overtook him.

The boy had been before the police on several occasions. His father always pronounced him an incorrigible, but the mother exercised a restraining influence over the child. He was addicted to the habit of running away from home long before his mother died, but his desire for the sheltering protection of his mother's love always induced him to return home.

WANDERS STREETS.  
After his mother was summoned by the grim destroyer the child was inconsolable. He wandered the streets,

### MOTHER SEEKS ARREST OF ALAMEDA BACHELOR

HERE ARE PICTURES OF MISS ISABELLA DAVIS, DAUGHTER OF MR. AND MRS. C. H. DAVIS, OF 1827 PACIFIC AVENUE, ALAMEDA, WHO DECLARES THAT SHE IS ENGAGED TO MARRY STATE SENATOR AND CITY ATTORNEY M. W. SIMPSON. THE ENGAGEMENT WAS ANNOUNCED YESTERDAY BY MISS DAVIS'S MOTHER AND ALMOST IMMEDIATELY CONTRADICTED BY SENATOR SIMPSON. THE MOTHER OF THE GIRL HAS SOUGHT TO CAUSE THE ARREST OF SENATOR SIMPSON ON A FELONY CHARGE.

### Tells Her Story to District Attorney.

A romance of the Alameda City Hall is what Mrs. Cyrus H. Davis calls the engagement of her daughter, Isabella Davis, and State Senator and Alameda City Attorney M. W. Simpson, which she announced yesterday in THE TRIBUNE.

The announcement was followed by a vigorous and uncompromising denial from the Senator, but Mrs. Davis and her daughter choose to regard the denial as a somewhat amusing, but wholly immaterial, incident. The mother followed up the announcement with a visit to the District Attorney's office, where she asked for the Senator's arrest on a serious charge.

### SERIOUS CHARGE.

She made a statement to the District Attorney, in which she stated that Simpson, under promise of marriage, had misled her daughter.

The question of the exact nature of the promise and the circumstances under which it was made caused some doubt as to whether she was entitled to the warrant, and she was requested to come back a little

later after the matter can be looked into.

According to the statement made by Mrs. Davis and her daughter Miss Davis is a stenographer by occupation and has been doing some work for Senator Simpson, and in this way an acquaintance was started which terminated in her submitting to his importunities, as she alleges, upon his promise to make her his wife.

There is no warrant out that I know of for anyone.

"My daughter has known Mr. Simpson about two years. They first met one day when I called in his office on a legal matter regarding my son, who had been injured. Bella was with me and it seemed to be a case of love at first sight. Mr. Simpson never called on her at her home. They preferred to meet in his office, which they seemed to think was more romantic. They have been engaged since last August."

"How do you explain Mr. Simpson's denial of the engagement?" Mrs. Davis was asked. "Oh, he will have something different to say later on. If he happens to be nervous and wants to deny it now, I suppose we can't help it."

### MOTHER'S STORY.

Mrs. Davis responded to all other questions leading up to this topic in similar manner. She talked of the engagement as a positive thing to be dismissed as any prospective suitor even which was not qualified.

# STARVATION MENACING MANY ROWDIES IN PERISHES IN FLAMES

## GREAT SUFFERING OF THOUSANDS IN JAPAN.

SEATTLE, March 1.—The steamship Dakota brings advices from Nagasaki that the famine situation in the northern provinces of Japan is steadily growing graver.

A second appeal has been issued by W. E. Lampe, chairman of the foreign committee on relief, in which he says: "When we issued our first appeal to the foreign communities in Japan in December we estimated that 680,000 persons out of a population of 2,821,000 were on the verge of starvation. Since then members of our committee have personally visited twenty-six counties and as many towns in the province of Miyagi and Fukushima, and have distributed 8000 yen. Our figures estimating those affected by the famine are too weak to describe the actual suffering."

### AWFUL SUFFERING.

"Able-bodied men, ragged and hungry, are facing the snow and icy winds to bring wood from the mountains in the hope of earning enough through its sale to keep their starving families. Women are covering their babies with their own clothing to keep them warm, and such conditions as these can mean only death in the end. Families once proud and comfortable are now reduced to want."

The appeal tells of special instances of suffering and death, among them the finding of the body of a woman lying beneath a shrine, and of another who died because she was too weak to give birth to a child, and was frozen to death.

# BOY DRIVEN AWAY BY DEATH

(Continued From Page 1)

dreading to return to the place where he once nestled in the loving arms of his maternal parent.

For four days and for four nights he stayed away from the place where death had claimed his mother, preferring the streets and strangers to the scenes he had known as home. He was picked up last night by C. Clement, who took him to the police station. He was booked as a runaway, but on hearing his story a special effort was made to locate his relatives. The lad's father called late in the morning and took charge of the motherless wail.

### In Self-Defense

Major Hamm, editor and manager of the Constitutionalist, Emmerence, Ky., when he was severely attacked four years ago by Piles, bought a box of Bucklen's Arnica Salve, of which he says: "It cured me in ten days and no trouble since." Quickest healer of Burns, Sores, Cuts and Wounds. Price 25c at Osgood Bros' drug stores, corner Twelfth and Washington streets and Seventh and Broadway.

### LARGEST ON RECORD.

WASHINGTON, March 1.—Exports of leather and leather manufactures from the United States during the calendar year of 1907 were the largest on record, says a bulletin issued by the bureau of statistics in the Department of Commerce and Labor. They were valued at \$28,946,422, against \$25,824,192 in 1906; \$27,169,614 in 1905, and \$12,516,470 in 1904.

## PLAY A GAME OF TAG WITH OHIO MILITIA.

SPRINGFIELD, Ohio, March 1.—When the sun rose this morning this city was at peace, and aside from the presence of the militiamen there was no visible evidence of the disorderly scenes of last night.

After playing a game of tag with various bands of youthful rowdies, who, for four or five hours last night, caused most of the disorder, the militia, at an early hour, settled down to rest in apparently complete control of the situation.

It was not, however, until Charles Ammel, commanding the eight companies of soldiers, issued orders to arrest whole parties of men who were found congregated at one place, and who, in some instances, refused at first to disperse, that the disorder was brought to a check.

### ROWDIES ARRESTED.

The plan adopted by the military was to surround a group of men and youths and if they did not immediately disperse, place them under arrest and conduct them to headquarters.

The first result of this plan was the arrest of a gang of fourteen rowdies by a squad of police commanded by Sergeant Johnson. Within half an hour Major Marshall of the Fourth regiment rounded up another party of nine and took them to headquarters.

From this time forward the crowds on the streets began to disappear and the disorder ceased.

In the meantime there was intense excitement which was augmented every little while during the night by the news of a fresh outbreak somewhere. Wildly exaggerated reports of burning and shooting were circulated during the early hours of the night.

Three houses occupied by colored families were burned and several others were stoned. Two persons were injured during the night. Sarah Thornton, colored, sustained a broken leg by jumping from a window, and a fifteen-year-old white boy, Orla Willis, received a load of buckshot in his leg, while a crowd was stoning a house in the rear of St. Joseph's Church.

## OPERATORS FAIL TO REPLY TO MINORS

NEW YORK, March 1.—John Mitchell, president of the United Mine Workers of America, today said that he had not yet received a reply from the operators regarding the demands of the anthracite miners, which were forwarded to George F. Baer Tuesday.

F. Baer, president of the Lackawanna Railroad, said that there would be no meeting of the operators' committee for several days. This committee was appointed to receive and consider the miners' propositions, and Mr. Baer is its chairman.

## S. P.'S NEW TRAIN FINEST IN WEST

SAN JOSE, March 1.—A large number of prominent local citizens were at the broad gauge depot this morning to greet James Horschburg, Jr., assistant general passenger agent, and Charles S. Few, passenger traffic manager of the Southern Pacific Company, and to inspect the new Santa Fe Limited train. Every chair in the train was occupied. The visitors were shown through the cars by the railroad officials and all pronounced the train the finest they had ever seen in any portion of the United States.

## CUTICURA SOAP SHAMPOOS

And light dressings of Cuticura at once stop falling hair and dandruff.

## Woman Sixty Years of Age Is Victim of Opera House Fire.

WILLIAMSBURG, Pa., March 1.—The body of Mrs. William Hyman, sixty years of age, was found today in the ruins of the local opera house, which was destroyed by fire last night. It was supposed that every person had gained the street in safety.

## ALLEGED WIDOW CEASES FIGHT

### MRS. FLETCHER SIMS COMES INTO POSSESSION OF HER PROPERTY.

Mrs. Alice E. Sims, widow of the late Fletcher Sims, who was also known in Alameda as F. M. Williams, is now in possession of the home of her late husband at 2800 Vista avenue and Center street in Alameda where he lived a dual life with another woman as his wife, the property being decided to her by Senator William M. Stewart at Nevada after a succession of deeds through which the title has passed since the purchase of the property by Sims under his fictitious name of Williams. It is also taken as an indication that the woman who claimed to be Mrs. Williams and stated that she was the widow of Sims has given up her struggle for any share of the estate.

The property was originally owned by C. D. Bates and F. W. Bilger, who sold the property to F. M. Williams without knowing that he was Fletcher Sims with whom they were both acquainted. Four deeds were placed on record this morning, showing the subsequent changes in the title. Sims decided the property to F. B. Sullivan, a real estate man, and Bates and Bilger have also subsequently given a deed to the property to Sullivan. The title was then vested in him was then transferred to Senator Stewart, who, it is believed, secured for his friend the Sims the time of her trouble and took the title for the purpose of making any one fight for it that claimed it.

Attorney W. T. J. Hynes, who represented the alleged Mrs. Williams, when questioned about the transfers of the property stated this morning that he knew nothing about the matter, that his client had dropped her contest and that he no longer had any interest in the matter.

## PROGRAM FOR DR. HYDE'S LECTURE

The following excellent program will be rendered this evening at the lecture to be given by Dr. Douglas Hyde, the famous Gaelic enthusiast:

Selection, St. Mary's College Orchestra Solo—"Kerry Dances"..... Miss Minnie Christian

Recitation—"Erin's Flag"..... Gerald Lawlor

Gaelic Song—Selected, Miss F. X. Barr

Irish Airs..... Victor and Margaret McCarthy

Selection, St. Mary's College Orchestra Song—"Don't Forget Old Ireland"..... Prof. Rodolfo Kern

Introductory remarks Rev. P. C. Yorke

Lecture—"Gaelic Revival"..... Dr. Douglas Hyde

Finale..... St. Mary's College Orchestra

## DISTRICT COURT OF APPEALS

SACRAMENTO, March 1.—The District Court of Appeals today granted the application of L. H. Sullivan for a writ of habeas corpus and ordered him released from the Shasta county jail.

The Appellate Court also rendered a decision today affirming the judgment of the trial court of San Joaquin county in the suit of John T. Wombles and Adella Wombles against I. R. Wilbur, E. I. Bradlock and the Stockton Savings Bank.

## DR. HYDE IS TO LECTURE TONIGHT

This evening Dr. Douglas Hyde, the famous Gaelic leader, will deliver his address on "The Gaelic Revival." A heavy sale of seats is reported, not only from the Gaelic League of this city, but by such other interested organizations as the Ancient Order of Hibernians, the Alliance, the Wolf Tone Club, the Ladies' Auxiliary, the Young Men's Institute, the Young Women's Institute and the Catholic Knights of America. Boxes have been purchased by Hugh Hogan, Rev. Father McSweney, Mrs. Matthews, St. Mary's College, and THE TRIBUNE, Enquirer and Herald. Music will be rendered by St. Mary's College Orchestra, and Hugh Hogan will be the chairman of the evening.

## MARRIAGE LICENSES.

The following marriage licenses were issued by the County Clerk today:

Frank C. Walker, McClelland.....25

Elizabeth M. Wells, Hayward.....26

Carl K. Hansen, Alameda.....27

Edw. O. Oshorn, Berkeley.....28

Alexander Adler, Alameda.....22

Lillian Snide, Oakland.....18

John Wales, San Francisco.....26

Weather fair; track fast.

## Chamberlain's Colic, Cholera and Diarrhoea Remedy.

The great success of this preparation in the relief and cure of bowel complaints has brought it into almost universal use. It never fails, and when reduced with water and sweetened is pleasant to take. It is equally valuable for children and adults. For sale by Osgood Bros., corner Twelfth and Washington streets, and corner Seventh and Broadway.

## REJOIN SQUADRON.

NEW ORLEANS, March 1.—The battleship Texas, with Admiral Dickins on board, and the torpedo-boats Dupont and Thetis, which called here for the carnival, sailed today to rejoin the squadron at Pensacola.

## The Office Boy and the New Duds

Ge-e-up!ter! but you should have seen the crowd yesterday rubbering in our window full of new spring suits. From 4.30 to 5.30 yesterday afternoon the sidewalk in front of this Emporium of style and fashion was just simply packed, hundreds of people were there, men, women and children. Honest I had to go out with Bruce and Howie, and stretch a rope to keep people from falling through the glass. They just seemed to want to eat those suits up. I was right out in the crowd where I could hear the remarks, and one woman would say, "Say Mag, do you see that suit in gray, that one with the big plaid in it? Well I am going to get one of those on my old man or know the reason why?" and another one would say—"Do you see that suit marked \$15, the one with the bird's nest egg blue thread running through it? I must tell Mike about that suit!"—and so it went. Some of the thought PHROSO was wax. Why the very idea! What was PHROSO to do with our display of nobby suits? Not a thing. Send the menfolk around and have them pick out a new Spring suit.

WILLIE with C. J. HEESEMAN.

C. J. HEESEMAN

# DOLLIVER; HIS PLEA

## Throng Hears Senator Defend Commission in Discussing Hepburn Bill.

WASHINGTON, March 1.—That interest in the railroad rate question continues unabated was made manifest again today by the large audience which greeted Mr. Dolliver from the Senate galleries when he rose to speak on the Dolliver-Hepburn bill. From the first the Iowa Senator has been the champion of the policy of giving the Interstate Commerce Commission full authority and the friends of the House bill have expected him to take a leading part in pressing the consideration of the measure, notwithstanding it has been placed in charge of another Senator. He was the first speaker in support of the bill.

Mr. Dolliver began his speech at 12:30 p. m., immediately after the disposal of the routine morning business. That order included the passage of bills authorizing the disposition of surplus lands in the Dakota and Colorado Indian Reservations in Washington.

Mr. Dolliver spoke without notes. He began with a compliment to Mr. Cullom, of whom he spoke as the father of the interstate commerce legislation, and to Mr. Nelson, the author of a bill presented to the last Congress.

FEW CHANGES.

The Senator then outlined the bill, pointing out wherein it amends the existing interstate law, saying that, after all, the changes were comparatively few. "Instead of undermining the law, the bill fortifies," he said, and he declared that if the present law had been treated with the reverence and sanctity it deserved, the American people would have approached the subject in a frame of mind different from that which now prevails. He said that the railroad companies were unable to protect themselves against the "flagrant abuses" of the private car companies under section 1 of the present law. He had not favored the abolition of these cars, but he did believe that the car companies should be regulated by making responsible the railroad companies employing them.

GROSS ABUSES.

Speaking of the Interstate Commerce Commission, he discussed Judge Grosscup's recommendation for a specific court, but he did not accept the theory advanced for the reason that he considered the present machinery sufficient for all purposes.

He recognized the fact that it had become a fashionable thing to speak lightly of the Interstate Commerce Commission and defended the body against such attacks. He expressed the opinion that if the law were made as fair with the Commission as with the courts, the result would have been better.

head hurt awfully," answered the fighter.

Shortly afterward he dropped asleep. No physician was in attendance from that time until he died.

The news of Tenny's death quickly spread over the city. Orders were at once given at police headquarters to take all concerned into custody.

UNDER ARREST.

Nell soon surrendered himself, as also did Coffroth, Eddie Graney, Willis Britt, Morris Levy and Mark Shaughnessy.

All were charged with manslaughter and promptly made arrangements for release on bail.

It is said that two days ago Tenny had an epileptic fit, and an autopsy will be held to determine the cause of his death.

# MANSLAUGHTER CHARGED

(Continued From Page 1.)

ing from ring contests here within a month. On the night of February 8 Alex Doevoen was beaten to death by "Chief" Johnson in an unlicensed amateur fight at Colma.

Some uneasiness was felt last night by the promoters, seconds and others connected with the contest when the condition of Tenny, after the knock-out, was noted. He went down before Nell's battery of ripping left-handers during the fourteenth round in the center of the ring.

### CAUSES COMMENT.

The timekeeper counted him out, but in the noise of shouting Referee Roche did not hear the completion of the count, and when Tenny staggered to his feet allowed the fight to proceed.

A howl of derision greeted the referee's ruling, but it was soon ended, for Nell went at his opponent like a madman, and hammered him in his weakened condition against the ropes.

### BADLY BEATEN.

Helpless and without strength to strike a blow in return, Tenny dropped against the ropes. His head sank on his chest and his arms dropped to his sides.

In this position poor Tenny was literally beaten to the floor by Nell and counted out by Referee Roche. He was carried to his dressing-room and was not revived until an hour later.

When he came to his senses he complained of the pains in his body, which he ascribed to the terrific blows with which Nell had reached his stomach.

Later the defeated lad was removed to the bathroom, where he grew worse until death ended his suffering.

### TERRIBLE PAINS.

Mark Shaughnessy attended Tenny at the baths. The beaten pugilist complained of terrible pains in his stomach and head. At 4 o'clock this morning he fell asleep and the physician left, saying all danger was over.

At 7:30 o'clock Shaughnessy was awakened by a cry from Tenny. The boy was doubled up in agony and a hurry call was sent in for the Central Emergency ambulance. Before it arrived Tenny was dead.

After he was taken to the baths Dr. McGinty was summoned. Tenny's heart action was very weak, the pulse dropping to forty. Strong stimulants remedied this, and at 1 o'clock this morning Dr. McGinty pronounced him out of danger.

### "AWFULLY SICK."

"How do you feel, Harry?" Shaughnessy asked.

"I'm awful sick. My stomach and

## FIND REST OF BODY

### Corpse of Man Whose Head Was Buried on Beach Discovered.

The discovery of the mutilated head near Stage, by a party of clam diggers on Sunday last, has led to a most vigorous search by the Stags authorities and their efforts have been in a measure rewarded, for the sea has given up its dead.

The headless body of the man whose skull was last Sunday found, only to disappear within a few minutes of its discovery, has been discovered, buried in a rough redwood box. The condition of the corpse, and the strange circumstances leading to the search for it, together with the peculiar articles found buried with the body, lead the authorities to the conclusion that a murder has been committed.

**FEW CLUES.**

Evidently the unfortunate victim was a person in affluent circumstances, but aside from these surmises, the police have but little to work on. They know that the head which was unearthed Sunday by the party of clam diggers had not long been subjected to the action of the elements. They know that it was left lying on the grass above the reach of the tide, and was stolen while its finders went to notify the coroner. They also know that the coat found on the beach, evidently the property of the murdered man, was of fine texture and good material.

These clues, however slight, the officials are diligently working on. Other murderers, however, have left fewer traces and still have been called to justice. In the box unearthed yesterday afternoon, the coroner found lying beside the headless body a pair of suspenders and a black leather purse. The purse was empty. The body was entirely naked.

**TO IDENTIFY BODY.**

It is believed that the identity of the murdered man will not long remain in doubt, as he was evidently not a man whose complete disappearance from his home and haunts would excite no comment. He was evidently a man of leisure, of sedentary habits. His hands are those of a person who does no hard work. The nails are carefully trimmed and cultivated. The feet, too, prove to the satisfaction of the authorities that the man, while he lived, did little walking.

The corpse was found yesterday by Coroner Henry Curry of Contra Costa county. A roughly made redwood box contained the body, which was roughly arranged therein, in a manner that would indicate that it had been dumped in without regard for the dead.

All the bones were intact. There were no marks or scars on the body that would indicate the manner of death, although the wounds on the battered head would have sufficed.

**EN ROUTE TO PORTLAND.**

Policeman Harry Snow of Portland today arrived and took charge of Ole Kjelstad, wanted in the northern city for seduction. Governor Purdie honored the extradition papers and the police surrendered the prisoner to the Oregon force.

**JEWELRY IS MISSING.**

Mrs. E. M. Walsh, residing at 98 Monte Vista avenue, reported to the police this morning that she had lost several articles of jewelry while attending the Macdonough Theater or while she was returning home.

## MUST ANSWER TO THIRTY-MEN ARE CHARGE DROWNED

**HENRY MARKS HELD OVER TO SUPERIOR COURT ON A FELONY.**

Henry Marks, accused of having sold his wife into moral slavery, was held to answer for trial before the Superior Court this morning by Police Judge Smith on a felony charge. The bail was fixed at \$10,000.

Attorney Thomas Bradley, acting for the defendant, made a strong plea to have the defendant discharged, but he was unable to convince the court that the prisoner was innocent of the crime imputed to him.

Marks is alleged not only to have placed his wife in a house of ill fame, but he is alleged to have induced his stepdaughter to have entered on the same life.

Miss Viola Brown says Marks also deceived her to Livorno under false pretenses, and made her a captive in a house of bad repute.

Marks' wife is now serving a year's sentence for complicity in sending her daughter to destruction.

Thus far no charges have been filed against the daughter or Miss Brown. They have been held by the police as witnesses against the husband and wife.

**AMERICAN PROPERTY REPORTED SAFE**

WASHINGTON, March 1.—Mr. Rogers, American Consul-General at Shanghai, in a cablegram to the State Department received today, says:

"Definitely no American property Nanchang safe; refugees Kiukiang."

**WATER RATES ARE TO BE DISCUSSED**

The committee of the whole of the City Council and the regular Council committee will meet tonight to consider the various matters before them. The matter of fixing water rates will come up before the committee of the whole.

## VAST THROG AT ST. MARY'S

**CHURCH CROWDED TO DOORS ON OCCASION OF ASH WEDNESDAY SERMON.**

St. Mary's Church was crowded to its utmost last evening, many being unable to gain an entrance. The occasion was, of course, Ash Wednesday, and also the eloquent young preacher, Father John Sullivan of Menlo Park, S. J.

His sermon on the "Nature of Sin" was a powerful and lucid explanation of the one great obstacle to perfect union between the creature and Creator.

**NATURE OF SIN.**

The preacher said in part:

"The warfare must be waged by every man with the sin which is within himself and a fierce combat unto death it is. There is no discharge from this war. We must not till the last advent; not till the last enemy—death—is destroyed. This is the preliminary truth which I must impress on you, the enduring combat of Christ with each one with sin, this you may be the more prepared and encouraged to take part with Him, and fight His fight against sin. Within the heart sin confronts and defies God Himself."

"Sin is the wilful revolt of a reasonable creature against the perfectness of his Almighty Creator. It is the wish to unmake God and to make gods of ourselves. Whatever be the manifestation of God, whether in His written word, in the voice of nature, in the whisper of conscience, or in the light of truth, we shall be as gods, knowing good and evil, is the character of the first temptation. This principle runs through all sin and works toward eternal death. Eternal death is sin in a higher stage of its own development than we can see it now. Sin is not a thing, it is a mode of action against God and the misery of eternity is a continuous and most intense course of action against God's Holiness, into which action here against His law, has by necessary steps run out."

"Such is the consequence of the deadly nature of sin, that one permitted just one allowance to himself, one habit of sin, may be the acting of our soul against God which ensures for us the eternal rebellion of a lost spirit."

"What have been the effects of sin? It has thinned the ranks of the angels, ruined a created universe, lit up the fires of hell and nailed the King of Glory to a cross of shame."

"Christ is summoning you to His side: 'Follow Me in my warfare against sin in every shape and under every guise. Turn not to the right or to the left; fight not against flesh and blood, but against principalities and powers, against the rulers of the darkness of this world, against spiritual wickedness in high places.' Onward then, forgetting the past! Enter all in the struggle against sin."

After the services the vast congregation remained to be sprinkled with the blessed ashes.

**MAPLE HALL RINK'S DATES ARE FILLING**

Club dates for the Maple Hall Skating rink are filling rapidly and judging from the present outlook, the prospective rink will be the scene of many pleasant gatherings of skaters. Some persons complain of too many being upon the floor at one time at some rinks and Professor Chapman has wisely decided to limit the number of participants, so that there will be comfort and safety to those who indulge in the delightful pastime.

With this end in view, the charge of admission will be 50 cents, which includes skates, check room privileges and refreshments. Twenty-five cents will be the charge to spectators. This rate is charged to tend to exclude an undesirable element, assuring those who are patrons of this rink that it will be conducted strictly as a first class place of its kind.

The opening will positively take place on Monday, March 13th, and will be strictly invitational.

**MAN IS LOOKING FOR TWO TRUNKS**

T. J. Tacker is looking for two trunks which he values at \$175. According to the statement he made to the police this morning, he left these at the Astor lodging house on Clay street. Since he deposited the trunks there for safe keeping, he alleges that there have been three different landladies, and that he is unable to follow the course taken by the trunks as a result. He asks for a link that the police, in locating the missing articles, do not know the name of the first landlady he entrusted his trunks with.

## WOULD FORFEIT THINK EMPRESS HEARST LOSES IN OFFICE ALIVE FIGHT

**ACCEPTANCE OF OUTSIDE POSITION BY MAJOR MEANS HIS RETIREMENT FROM ARMY.**

WASHINGTON, March 1.—While the resignation of Major Cassius Gillette, engineer corps, U. S. A., of his commission has not been received at the War Department as yet, it is said there that if he has, as reported in the press dispatches of yesterday from Philadelphia, accepted office as superintendent of the filtration plant, he has thereby forfeited his commission and is no longer an officer of the army.

**LONDON, March 1.—**The rumored death of the Dowager Empress of China is regarded here as wholly improbable. It originated in a vague rumor from Hongkong, and neither the British Government nor the Chinese Legation here has any intimation of it.

**CONTINUED HIT AT YE LIBERTY**

Had William Gillette written a play for Bishop's comedians he could not have done better than he has, for his comedy, "Because She Loved Him," so fits the personnel of this company as if each character had been written for each individual member. It does not take long for news to travel, as those who saw this delightful comedy had spread the report of the success of this play and the result is that there has been an unusual demand on the box office, that for the matinees of Saturday and Sunday being particularly large.

While each member of the company has scored a hit, it would be only just to mention Miss Gleason, Miss Edmund, George Friend, George Bloomquist and Frank Bacon. Any one of the characters played by the above mentioned players is indeed a most creditable performance.

The story of "Because She Loved Him" is a simple one, told in such an honest and straightforward manner that one forgets he is seeing a play.

Next Sunday will be the last performance of this play, Monday evening "The Bold Sinner" will be given for the first time in this city, with all the favorites in the cast.

**CROMWELL AGAIN ON THE STAND**

WASHINGTON, March 1.—William Nelson Cromwell again was on the stand today at the investigation of canal affairs before the Senate committee on Inter-oceanic Canals. He read a detailed statement of the operation of the monetary agreement between the Isthmian Canal Commission and certain bankers in the Isthmus. In the meantime Senator Morgan was reading the record in preparation for the cross-examination of the witness.

**PRESIDENT HASN'T INVITED MITCHELL**

WASHINGTON, March 1.—It was stated at the White House today that the President has not extended an invitation to John Mitchell and Francis L. Robbins to come to Washington and confer with him concerning the coal situation.

**WHERE ONE MAN GETS RICH**

# THE LATEST NEWS OF THE DAY--4:30 P. M.

## MOTHER SEEKS ARREST OF SENATOR SIMPSON

**Declares That Alameda Man Promised to Wed Her Pretty Daughter.**

(Continued From Page 1.)

She had no harsh words for Simpson, but a good many for Attorney R. B. Tappan, with whom Senator Simpson has consulted in the matter and who has seen Mrs. Davis herself regarding it.

Tappan is quoted as follows:

**TAPPAN'S STORY.**

"Mrs. Davis came to see me last night in regard to the affair. She was very vociferous and I have come to the conclusion that a mother's anxiety to make a good match for her daughter has caused an unwarranted announcement to be made. You can say flatly and unequivocally that there will be no marriage between Senator Simpson and Miss Isabella Davis. At present I am not ready to say all that I think about the difficulty, except to declare that Mrs. Davis has no foundation for the statements she has made."

### THE FAMILY TREE.

Mrs. Davis seemed to think Tappan an unwarranted intruder and that his known interest in Chinese language and customs puts him outside the pale of consideration. "I'd have him know there is no Chinese in my family," she said.

Speaking of her family, led Mrs. Davis to a point dear to her, her ancestry.

"My grandmother's uncle," she said, "was William Lewis, a signer of the Declaration of Independence. Several of my ancestors fought in the Revolution, and I could belong to the Daughters of the American Revolution, or the Colonial Dames if I chose. My father came from the Ewing and Jerad stock of the Kentucky Blue Grass country. Mr. Davis is descended from the Chases who came to New England with the Pilgrim Fathers. If Mr. Simpson can show as good a pedigree as my daughter can, it will be a splendid match."

### A TALL BLONDE.

Miss Davis, a tall, svelte blonde, smiled sweetly away all doubts of her engagement, and talked happily of her future married life. When her mother said something about Europe the daughter broke in that "Maybe Willie and I will go there on our wedding trip." She spent most of the morning at a hairdresser's getting her golden coiffure ready for a photograph. At noon she went to San Francisco to spend the rest of the day.

### IS KEPT AWAKE.

"I don't mind anything so much as being pestered by interviewers," she said. "Why, do you know I was kept awake all last night by people coming to see me. Now I'm going to put a card on the front door 'Not at home,' and won't answer any calls. I don't mind the newspaper men, but maybe some people would say they were from newspapers when they weren't."

Mother and daughter said that no date had been set for the wedding, but that invitations would be out in a short time.

### SENATOR'S STORY.

Senator Simpson, when seen in his office in the City Hall today, met questioners with the following firm denial:

"This announcement is entirely unauthorized," he declared. "I am not engaged to Miss Davis. Nor was there any intention of my becoming engaged to the lady. I have had an acquaintance with Miss Davis, as I have

known other young ladies, but so far as marriage is concerned, that is entirely out of the question. I cannot understand why Mrs. Davis should have assumed the responsibility for such a statement. I repeat there is no engagement of marriage existing between Miss Davis and myself."

**IS A SURPRISE.**

"Had you any previous intimation that this announcement was to be made?" the Senator was asked.

"None whatever. The first I knew of it was when I saw the announcement in THE TRIBUNE last evening. I had not been intimately associated with Miss Davis; just slightly acquainted."

"You are not engaged to anyone else, are you, Senator?"

"Not that I know of. Perhaps now I'll hear of some more. It seems as if no man is safe from such things."

"I have consulted with a brother attorney, R. B. Tappan, in the matter, but so far as I am concerned, no legal steps have been taken."

Senator Simpson is a tall, well-built, good-looking bachelor, who has not yet reached middle age, and Miss Davis' taste cannot be criticized. Her age is twenty-one.

One story circulated regarding the formation of their acquaintance is that the Senator was ill about eight months ago and every day over the telephone a girl's voice asked his condition. This, it is said, led to his acquaintance with the owner of the voice, who is reported to have been none other than Miss Davis.

### WOMAN'S RIGHTS.

District Attorney Allen says he is engaged in the Pembroke murder trial and has passed the matter over to Deputy District Attorneys Everett Brown and W. H. L. Hynes to look up the law in the matter. An answer will be ready shortly for Mrs. Davis, advising her as to her rights in the matter. Should it appear that she is not entitled to the warrant, the Grand Jury will be open to her and she can state her case there.

## SCHNEIDER ON THE STAND

**ATTORNEY CHURCH DIRECTS VIGOROUS CROSS-EXAMINATION AT CONVICTED LAD.**

In the trial of Percy Pembroke this morning on a charge of complicity in the murder of Thomas Cook at Fruitvale, John Schneider was on the stand all of the morning and was under cross-examination by Attorney L. S. Church. Every move and statement made by Schneider was gone into by Church and the examination is not yet completed.

Schneider, on his direct examination, told practically the same story that he told at Blake's trial and later at his own. He places most of the blame on Pembroke and says that Pembroke made the bludgeons and that he had them ready for use on the night in question. Schneider says that he had them done up in a package and that when they started to follow Cook he undid the package and gave one to Blake and kept one himself. When Blake and Pembroke attacked Cook, he says, he ran away.

This Pembroke has denied, and in the testimony given by him stated that he was the one who ran away, that he and Schneider and Blake were the ones who attacked Cook. He also denies having had anything to do with the making of the clubs.

### CONSUL'S DAUGHTER AND TREASURE ABOARD

**SAN FRANCISCO, March 1.**—The steamer Curacao arrived from Mazatlan today with the daughter of the American Consul on board. Her name, which is the same as her father's is Cordie Kaiser. The vessel carries \$100,000 in treasure and forty passengers.

## RELATIVES OF PRIZEFIGHTER ASSERT THAT HE WAS GIVEN DRUG THAT CAUSED DEATH

**SAN FRANCISCO, March 1.**—After making the autopsy Coroner's Surgeon Cusack announced that Tenny's death was due to cerebral hemorrhage caused probably by a blow. It has been discovered that strychnine and possibly other drugs were given Tenny during the night, so the stomach was removed and sent to the city chemist, who will analyze the contents.

The mother of the dead boy, Mrs. Israel Tennebaum, this being his real name, asserts that he was poisoned. A brother, James Tennebaum, charges that the little fighter was "doped" before he entered the ring.

This sensational charge is denied by Nell and others connected with the tragedy. Mark Shaughnessy, one of his seconds, says that he fell in a fit after leaving the ring.

### ARE RELEASED.

The accused men connected with the fatal fight were released from custody on depositing \$500 cash bail each.

"It is ridiculous to say that Tenny was poisoned," declared Shaughnessy.

"I was with him all the time and he had no chance to get anything that was not right. I think Tenny probably died of epilepsy. I know a few nights ago he had a fit and last night he had another one. I intended to ask some of the family if he was subject to such attacks. I never heard that he was until someone told me of the attack. He certainly acted as if he was in a fit and I believe that he died in one."

**IS ABSURD.**

Nell declares that the charge is absurd because a man would have been unable to fight as hard as Tenny did

if he had been given a drug.

Attorney O'Prater says, who appears for the fighters, thinks it probable that the use of strychnine had as much to do in hastening death as anything else.

The body shows a badly battered eye and a slight abrasion over the heart.

Mayor Schmitz says that he will investigate the death of Tenny and if negligence concerning the condition of the pugilists is shown he will recommend to the Supervisors that no more permits be issued for prizefights.

By Mark Shaughnessy.

Harry Tenny was not killed by a blow, but, in my opinion, he dropped from heart failure. The boy seemed as strong as a lion when he went up in the fourteenth, and he told me under no conditions to throw up the sponge.

"If he knocks me down," said Tenny, "don't you go throwing up my sponge on me. I feel fine and I'm going to get him now. If he knocks me down don't give up, because I'm going to show these fellows I'm game. He can't beat me in forty rounds." Those were the last words he said to me until I carried him insensible out of the ring.

"I believe that if the fight had lasted for two more rounds Neil would have gone out. Our boys had him on the go, and it must have been an attack of heart trouble which caused him to drop to the floor."

**COMPLAINED OF PAIN.**

Several times when we were on the road he complained to me of pains in the region of the heart, but we never thought that there was ever anything

serious the matter with him. He has also had a previous attack of epilepsy. He fainted one day in the gymnasium, but it was only for a second. Then I asked him what was the matter and he told me he didn't know. He was examined by the club doctor, and we thought that he was certainly all right or we wouldn't have allowed him to enter the ring.

When Tenny was carried from the ring to his dressing-room, we called in Dr. J. A. Korgan of the K. & K. Doctors, who happened to be present. He had an epileptic fit and the doctor treated him there. Then we brought him to the baths and the doctor stayed by him. That was at 12 o'clock and at the time his pulse was normal. Later it dropped to forty-four and the boy had a vomiting spell. When Dr. Korgan left at 4 o'clock this morning his pulse was again normal, his heart seemed to be in good condition so that we thought all danger was over.

I stayed by the boy all through the night, and did not close my eyes until I dropped asleep in my chair about 6 o'clock this morning. I was awakened at 7:20 by Harry, who said that he felt sick. A few minutes later he went into convulsions and I told one of the attendants to call the ambulance. He did this and also called Dr. Arthur McGinty, who happened to be in the house. The doctor pronounced him dead at 7:35.

I broke the news to the family. I never saw such a scene as followed, and I never care to witness another like it. The poor old mother could not be consoled. Harry was her favorite, and she had a premonition that he would not come out of the ring last night. She pleaded with him not to go into the fight, but he would not listen to her appeals.

**MEETS DEATH AT THE DEPOT**

**GEORGE M. COLBURN SUCCUMBS WHILE ON HIS WAY TO CALIFORNIA.**

George M. Colburn, the capitalist who died suddenly of heart disease in the railway station at Rochester, New York, on February 14, had many friends in California. For many years he had been in the habit of making periodical visits to the Pacific Coast, and often spent months at a time in this State, to which he became warmly attached. He had a great liking for Californians, and always spoke of his excursions out here as delightful experiences.

Two years ago Mr. Colburn was for some weeks a guest of Mr. and Mrs. W. J. Dingee at their charming country home in San Mateo county, and ever after cherished the recollection of his visit as a bright spot in his memory. He maintained his friendly intimacy with Mr. and Mrs. Dingee to the day of his death, and at the time he was fatally stricken was looking forward to a reunion with them.

Nicholas Colburn, the well known capitalist of New York City, was a brother of the deceased and will be the executor of his large estate.

## WILKINS IS GIVEN NEW JOB

**SACRAMENTO, March 1.**—Governor Pardee has been notified that at a meeting of the State Board of Prison Directors held February 26, Director James H. Wilkins of San Rafael was appointed superintendent of construction of buildings at San Quentin prison. The resolution appointing Wilkins to his new position fixed today as the time for him to assume his duties.

Wilkins term as prison director expired in 1905, but Governor Pardee has not yet seen fit to appoint his successor. It is probable that his successor will now be appointed.

There has been talk of Director Charles N. Felton's resigning, but he has not yet tendered his resignation to Governor Pardee. His term will not expire until 1914.

for the fighters, thinks it probable that the use of strychnine had as much to do in hastening death as anything else.

The body shows a badly battered eye and a slight abrasion over the heart.

Mayor Schmitz says that he will investigate the death of Tenny and if negligence concerning the condition of the pugilists is shown he will recommend to the Supervisors that no more permits be issued for prizefights.

By Mark Shaughnessy.

Harry Tenny was not killed by a blow, but, in my opinion, he dropped from heart failure. The boy seemed as strong as a lion when he went up in the fourteenth, and he told me under no conditions to throw up the sponge.

"If he knocks me down," said Tenny, "don't you go throwing up my sponge on me. I feel fine and I'm going to get him now. If he knocks me down don't give up, because I'm going to show these fellows I'm game. He can't beat me in forty rounds." Those were the last words he said to me until I carried him insensible out of the ring.

"I believe that if the fight had lasted for two more rounds Neil would have gone out. Our boys had him on the go, and it must have been an attack of heart trouble which caused him to drop to the floor."

**COMPLAINED OF PAIN.**

Several times when we were on the road he complained to me of pains in the region of the heart, but we never thought that there was ever anything

serious the matter with him. He has also had a previous attack of epilepsy. He fainted one day in the gymnasium, but it was only for a second. Then I asked him what was the matter and he told me he didn't know. He was examined by the club doctor, and we thought that he was certainly all right or we wouldn't have allowed him to enter the ring.

When Tenny was carried from the ring to his dressing-room, we called in Dr. J. A. Korgan of the K. & K. Doctors, who happened to be present. He had an epileptic fit and the doctor treated him there. Then we brought him to the baths and the doctor stayed by him. That was at 12 o'clock and at the time his pulse was normal. Later it dropped to forty-four and the boy had a vomiting spell. When Dr. Korgan left at 4 o'clock this morning his pulse was again normal, his heart seemed to be in good condition so that we thought all danger was over.

I stayed by the boy all through the night, and did not close my eyes until I dropped asleep in my chair about 6 o'clock this morning. I was awakened at 7:20 by Harry, who said that he felt sick. A few minutes later he went into convulsions and I told one of the attendants to call the ambulance. He did this and also called Dr. Arthur McGinty, who happened to be in the house. The doctor pronounced him dead at 7:35.

I broke the news to the family. I never saw such a scene as followed, and I never care to witness another like it. The poor old mother could not be consoled. Harry was her favorite, and she had a premonition that he would not come out of the ring last night. She pleaded with him not to go into the fight, but he would not listen to her appeals.

**DISLIKES POSTERS**

**BERKELEY, March 1.**—President Wheeler this morning summoned R. Phinney, manager of the sophomore burlesque show which is to be produced at Oakland a week from tomorrow night, and questioned him about the alleged profanity which appears upon the sophomore burlesque posters now displayed on the campus.

The posters were put up yesterday afternoon and created a sensation. In letters of red, prominently displayed at the bottom of the posters are these words: "All's well that ends in hell."

The burlesque is entitled "A Comedy of Terrors." The authors are Edwin J. Loe and Richard Farrelly. They are said to have treated the faculty of the university in a manner that is calculated to create offense when the burlesque is produced, and hints to this effect, coupled with the sensational wording of the burlesque posters, have drawn the attention of the faculty to the affair.

It is said that in the burlesque the university authorities will be pictured as ruling in the lower regions, with President Wheeler as the director of the "underground enterprise." The dialogue is said to be very lurid, in keeping with the geographical location of the campus.

This morning Wheeler asked Manager Phinney whether he did not believe that the authorities were justified in ordering the removal of the posters now displayed on the campus removed. Phinney was on the carpet for half an hour.

The president reserved his decision in the matter, but it is expected that rigid censorship will be applied not only to the posters, but to the burlesque as well.

### EXAMINE FREIGHT FOR EXPLOSIVES

**SAN FRANCISCO, March 1.**—Freight bound for Manila and belonging to United States soldiers has been held up in the Custom House here for eight days. It is being examined by the local board for explosives, this action being taken as a result of the explosion of a box belonging to a soldier who sailed on the transport Meade some time ago, which explosion seriously injured an employee who was working with the box.

**EASTERNEER DIES IN BERKELEY**

J. J. Miah, a Chicago merchant, who came to this State for his health, died last night in Berkeley. He was a native of Indiana, aged 75 years. His wife died several months ago and he came to California to recuperate. He does not leave any immediate relatives. The remains will be forwarded to Chicago for interment.

### BOARD OF EDUCATION IS TO MEET MONDAY

There is to be a regular meeting of the Board of Education in the board rooms, City Hall, next Monday evening, March 5, at 7:30 o'clock.

In accordance with the rules and regulations of the Board there is to be a meeting of all committees on Friday evening, March 2, at 7:30 o'clock.

**STREET SWEEPER A SUCCESS**

**MACHINE OF THE SANITARY STREET SWEEPING COMPANY AT WORK.**

The sanitary street sweeping machine, which is owned and operated by the Oakland corporation, was given a more thorough trying out than it has heretofore been given, and worked so satisfactorily as to delight the stockholders.

The machine has been given several preliminary trials during the past few months, but each trial showed where improvements could be made to advantage, and it was decided to perfect the machine fully before attempting practical operations with it. The promoters of the Sanitary Street Sweeping Company are now confident that the perfected machine is without a flaw. The performance of the machine today justified the most sanguine expectations of its owners.

This morning Clay street, from Eighth to Fourteenth, was swept as clean as the floor without raising the slightest dust or discommoding traffic in the smallest degree. The machine took up the fine dust as readily as it did the coarser material and left the pavement cleaner than it has been at any other time since it was laid down. The dryer the condition of the street the better the machine works and the more completely it removes every vestige of refuse and dust.

The Sanitary Street Sweeping Company has leased a barn on Grove and Third streets to house their machines, and are preparing to enter actively into the street cleaning business. They propose to demonstrate what their machine will do before seeking contracts.

**FIRST SINCE WAR.**

**SAN FRANCISCO, March 1.**—The steamer Hong Kong Maru arrived from Yokohama today, this being the first vessel from there since the Japanese war.

**Oakland Tribune Free.**

While visiting in Oakland, get the latest news. Visit H. Schuchman's store, buy some little token to bring back to memory in years to come. A \$1.50 purchase of our store and we will deliver one of the most interesting papers of the present age. One month's privilege to read "H. Schuchman's" or "Herald" and "Pioneer" gratis.

## DIG CELLAR, HARPIST FIND BODY

**Workmen Discover Remains of Man Only Two Feet Under Ground.**

**LODI, March 1.**—The remains of a man have been found near Lodi by workmen digging a cellar. The body was that of a man aged about 40 years and about five and a half feet in height. A bullet hole in the skull showed how death had befallen him. The decomposed remains were only buried under two feet of earth. The sheriff's office is investigating the case.

## ACCEPT DESIGN FOR SCHOOL

**BERKELEY, March 1.**—Town Clerk Merrill has today sent a letter to Stone & Smith, architects of San Francisco, informing them that the Board of Education has accepted their plans for the new Bancroft way school building, to cost \$50,000. The plans will include a large assembly hall, a feature which it had been intended to cut out, but which will be retained at the earnest solicitation of Superintendent Waterman.

**SAN JOSE, March 1.**—Frost fell this morning, but reports from all sections of the valley are to the effect that no fruit was damaged. Apricots are now blooming freely and peaches are following. Local forecast is for another from tonight, to be followed by warmer weather.

### ATTORNEY INJURED.

Attorney J. J. Schriver fell on the steps of his home on Ninth avenue near East Sixteenth street in East Oakland last evening, and suffered a fracture of the smaller bone in the lower part of his leg. He suffered considerable pain and is told by the doctor that it will be some weeks before he will have the use of his limb.

**Bank Attorney Believes Signature of Fabrizio Nigro Is Genuine.**

Consideration of the note for \$740, alleged to have been signed by Fabrizio Nigro on November 8, 1905, promising to pay this amount of money to R. de Rago, a wandering harpist, who gave his services nightly for \$2 to any dance hall that might require them, was resumed this morning before Judge O'Connell. F. G. Brittain, attorney for the Fibernia Savings Bank of San Francisco, occupied the stand the entire morning as an expert on the signature of Fabrizio Nigro, whom he had seen sign his name a few times.

The note read as follows, being typewritten with the exception of the signature and address:

"\$740.

"Two months after date I promise to pay to the order of R. de Rago seven thousand four hundred and fifty dollars, for value received, with interest at 6 per cent per annum, from January 1, 1904, until paid, both principal and interest payable in United States gold."

"San Francisco, November 8, 1905.

"The irregular and shaky writing of the deceased harpist, the note was a specimen of the evidence that De Rago has that he loaned the sum he claims to Nigro. A bank account that he has at the Fibernia Savings Bank shows that he has deposited small amounts, but that \$740 was the most that he had there at any one time."

When shown the note, Attorney Brittain stated that he believed the signature of the note to be that of Nigro. Asked whether he believed the signature of Nigro's which they had at the bank and that the two were similar enough to be taken for the writing of one and the same man, he was then asked if he could have told if that was the signature of Nigro without comparing it with some other signature, and he said that he might have been able to do so, but was not willing to say positively.

**UNICORN**

**Dr. Pierce's**

**FAVORITE**

**Prescription**

For the cure of those

**CHRONIC**

**WEAKNESSES**

AND

**Complaints of Females**

WORLD'S DISPENSARY

MEDICAL ASSOCIATION

BUFFALO, N.Y.

# A Real Doctor's Prescription

## FOR THE DISTRESSING COMPLAINTS AND DISEASES OF WOMEN.

What the Most Eminent Medical Authorities Say of the Ingredients Contained in

**Dr. Pierce's Favorite Prescription,**

WHICH ARE:

LADY'S SLIPPER (*Cypripedium Pubescens*)  
BLACK COHOSH (*Cimicifuga Racemosa*)  
UNICORN ROOT (*Chamaelirium Luteum*)  
BLUE COHOSH (*Caulophyllum Thalictrifolium*)  
GOLDEN SEAL (*Hydrastis Canadensis*)

Lady's Slipper cures cramps, spasms and convulsions, and has a specific action in painful periods, nervous twitchings, chorea and epilepsy. It quiets irritability of the nervous system, and causes the mind to become calm and cheerful. Its effects are most happy in hysteria, melancholia, sleeplessness, nervous headaches, excitability and sensitiveness. It is also a tonic of great power.

Black Cohosh is efficient in overcoming painful or suppressed periods, leucorrhea, ovarian pains, bearing down feelings, and the other diseases of the uterine system; the headaches which accompany them and those of nervous origin. It is employed successfully in the treatment of nervous excitability, St. Vitus's Dance and convulsions. It is an appetizer of particular efficacy, is used in rheumatic and neuralgic troubles, and is a general as well as a uterine tonic.

Unicorn root has distinctive medicinal properties. It imparts tone and vigor to all of the reproductive organs of women, and removes diseased and abnormal conditions. It is of the greatest service in cases of falling or other displacements of the womb, and it unquestionably makes childbirth easy and safe. It is of great benefit in inflammation of the bladder, dyspepsia, nausea and loss of appetite.

Blue Cohosh prepares women for

childbirth and makes them more comfortable in mind and body. It prevents miscarriages, causes labor to be easier, shorter and less painful, and diminishes the number of the days of confinement. It stops the nausea and vomiting of pregnancy and can be relied upon to produce good results in painful or suppressed periods, leucorrhea, uterine inflammation, and all the nervous symptoms attending the diseases peculiar to women.

Golden Seal is a valuable tonic which is especially useful in all inflammatory conditions of the mucous membranes exemplified by uterine and vaginal irritations, leucorrhea and bladder troubles. It quickly cures nausea, vomiting, indigestion and dyspepsia, and increases the appetite. It is also a regulator of the functions of the liver and the intestines.

All of these statements can be verified in detail by reference to King's American Dispensary, Bartholow's, Scudder's and other recent standard works on the medicinal action of the native drugs of North America.

The marvellously curative effects of the special combination of these remedies in one medicine, namely,

**Dr. Pierce's Favorite Prescription**

is testified to by the unanimous praises it has received from many thousands of women, each of whom has been restored to health by it, after suffering from some one or more of the diseases peculiar to her sex. DR. PIERCE'S FAVORITE PRESCRIPTION

**IS UNIQUE** in that it is the ONE MEDICINE FOR WOMEN, the makers of which make confidants of their patients and tell them exactly what they are taking. This Dr. Pierce gladly does, because the remedy has thousands of cures to its credit, and is made by such an intricate process that it cannot

be successfully imitated. DR. PIERCE'S FAVORITE PRESCRIPTION

**IS DISTINCTIVE** in that it is made from purely vegetable ingredients, namely, roots gathered in the native woods and which contain the healing principles elaborated by Nature in the earth of the silent forests uncontaminated by civilization's touch. DR. PIERCE'S FAVORITE PRESCRIPTION

**IS EXCEPTIONAL** in that it contains ABSOLUTELY NO ALCOHOL, and is free from all narcotics and other poisonous principles, and hence can be taken by the maiden, and wife, and the elderly matron and spinster with perfect safety and the assurance that it will never establish a drug habit. DR. PIERCE'S FAVORITE PRESCRIPTION

**IS PECULIAR** in that it is a remedy devised by a physician with an experience of over one-third of a century in treating women's diseases, and is NOT A PATENT MEDICINE in any sense of the word. It is, however, a household remedy which cures ninety-eight per cent. of the cases for which it is taken, and is so firmly established in popular favor that the carping criticisms and unwarranted denunciations of those who pose as reformers and show their ignorance by acting as amateur advisers of the sick cannot undermine the people's well founded faith in it.

Dr. Pierce's Common Sense Medical Adviser, a non-technical medical book of 1008 pages, profusely illustrated, contains many things of interest to ailing women. All of them should read it. It will be sent free on receipt of stamps to cover mailing—31 cents for cloth and 21 cents for the paper bound volume.

DR. PIERCE'S PLEASANT PELLETS regulate the activities of the liver and bowels safely, painlessly and surely. They are the best laxative known for sick or invalid women.

## PLAN IS PREPARED

Project to Join Claremont to Oakland Is Discussed.

The Central Oakland Club met last evening in the club rooms at 4908 Telegraph avenue, for the consideration of important matters, the president, W. B. Thomas, in the chair. This club was organized in April of last year with a membership of sixty-one for the purpose of looking after the interests of the First ward primarily, although it takes cognizance of the entire city. Its membership has grown to include one hundred representative men of that district, and through its efforts many civic improvements have been introduced. At the present time the subject of paramount importance is the annexation of the Claremont district to Oakland. As Berkeley also is agitating that this section be joined to its administration, the question is an interesting one. One of the objections advanced by the Central Club to the Berkeley plan is that the facilities are such that should Claremont become a part of Berkeley a certain portion of the district could not be properly served.

They also hold that Claremont is logically a part of Oakland, and that as a city they have more to offer, especially in the way of fire and police protection. A splendid working committee has been held at work and the Central Club believes that they have reason to think Claremont would not be adverse to joining hands with them. This committee is composed of W. B. Thomas, Mayor Mott, Dr. A. S. Kelley, Dr. H. A. Thomas, Councilman Suran, Councilman McAdam, E. C. Dozier, S. M. Carr, Dr. Charles H. Dukes, R. T. Holmes, Rev. H. H. Wadler, C. H. Poursion, F. M. Nottage.

The same men with the addition of

the name of City Engineer Turner were appointed last evening as a committee on consolidation, to work for the consolidation of Oakland, Alameda and Berkeley. The tax rate is their best argument. The present tax rate is \$2.57, while under a consolidated government that figure would be something like \$1.50, or less than one-half.

Among other things that came before the meeting was the poor mail service in the First ward. The committee reported that they had interviewed Congressman Knowland and Postmaster Parvill and that they had promised to do what they could with the authorities at Washington to obtain a later mail collection for the day in the great district between Thirty-sixth street and the Berkeley line, Broadway and West street. Better fire protection was also discussed.

It was stated that in case of fire some blocks which had been built up with twenty or more houses within the past three years were helpless. The city government had promised the necessary hydrants, but there were no pipes with which to connect them. A committee is also at work endeavoring to have the San Francisco dailies print the suburban news in all their editions.

The officers of the club are: President, W. B. Thomas; first vice-president, R. T. Holmes; second vice-president, F. M. Nottage; third vice-president, E. C. Dozier; secretary, Samuel Carr; treasurer, C. H. Poursion.

Through the efforts of the president, W. B. Thomas, there has been organized an executive committee of the Improvement Clubs, composed of three members from each of the five clubs in the city, which meets the first Tuesday of each month at the city hall. The officers of this executive committee are: President, W. B. Thomas; secretary, J. Conant of the First Ward Club. It is their purpose to weld together the various club interests and aims.

PHYSICAL WRECK OVER BUSINESS WORRY

CHICAGO, March 1.—A receiver for a business which had been the life work of B. A. Thayer, now said to be a physical wreck from his attempts to save the business from ruin, was appointed yesterday by Judge K. M. Landis in the United States District Court.

Mr. Thayer's company is Thayer & Co., manufacturers of soap and perfumes. The Royal Trust Company was appointed receiver.

The liabilities of the company aggregate \$60,000, with assets of about \$30,000.

The Russian government will cut down official salaries. A good place to begin with is with Czar Nick. It is a shame for him to take the money.—Atlanta Constitution.

## NEW ENGINEER IS CHOSEN

E. D. CRUISE TO SURVEY SOUTHERN PACIFIC'S EXTENSION IN MEXICO.

SAN FRANCISCO, March 1.—The Southern Pacific people announce several appointments. E. D. Cruise has been appointed engineer in charge of the surveys for the company's extension from Guaymas, Mexico, to Ciudad Juarez, and has opened an office in the latter city and has placed eight engineering corps in the field between Guadalupe and Tepic. He is to survey a road 745 miles in length and it is to cost \$25,000,000. The Mexican Government has granted a subsidy of \$7,450,000, which is equal to \$10,900 in gold per mile. According to the agreement between E. D. Cruise and President Diaz of Mexico 248 miles of the road must be built and in operation within two years.

Passenger Traffic Manager Charles S. Fee of the Southern Pacific has appointed Eugene W. Clapp a traveling passenger agent of the company, with headquarters in this city. Mr. Clapp until recently was the agent of the company at London, N. M.

President Ripley of the Santa Fe has contracted for a lot of new equipment, to consist of 1000 box, 300 coal, 200 gondola and 100 flat cars. They are to be delivered next September and October.

The Western Pacific engineers have altered their surveys between Oakland and Stockton to the extent of adding three miles for two of the four proposed tunnels. In place of two of the tunnels there will be deep cuts. They are to be 200 feet wide on the top and 305 feet wide at the base. The other will be 125 feet deep, 20 feet wide on the top and 305 feet wide at the base.

RICHARD A. M'CURDY OFF FOR EUROPE

NEW YORK, March 1.—Richard A. M'Curdy, ex-president of the Mutual Life Insurance Company, Mrs. M'Curdy and Louis G. Thebaud and Mrs. Thebaud, Mr. M'Curdy's daughter, left Morris-town, N. J., last night and boarded the Hamburg-American steamship American at its pier at Hoboken. Several servants accompanied them. The American will sail today.

When the carriage containing the M'Curdys and the Thebauds arrived at the pier a reported tried to obtain an interview with Mr. M'Curdy. Mr. Thebaud's coachman, Thomas Beddow, hit the reporter, the police say. Beddow was arrested on the charge of assault and battery. He was held in \$300 bail.

Mr. M'Curdy's home in Morris-town it was said that enough servants had been left there to keep the place in order and that the silverware and china had been placed in the vaults of a local safe deposit company. The Thebaud place was also placed in the hands of caretakers.

Mr. M'Curdy has reserved what is known as the "Imperial suite" on the American. It gets its name from the fact that the German Emperor has the privilege of using it whenever he cares to travel for a free sample bottle and consolation blank that will entitle you to services of our medical department without charge. The R. T. Booth Company, Hyomel Building, Ithaca, N. Y.

## DESTROYS EYESIGHT

Missionary Becomes Blind While Returning From China.

SEATTLE, March 1.—After spending thirty-five of the best years of his life in Canton, China, for the Christian mission, Rev. E. Z. Simmons returned to America yesterday on the steamer Dakota, totally blind. When he left Canton he was still able to distinguish objects and to recognize familiar faces. On the voyage, however, his sight failed entirely.

With his wife, Dr. Simmons left last night for Seattle. Dr. Simmons is determined to return to China whether his sight is restored or not.

The government says the recent efforts of the government to establish a public school system, to which the people are opposed, is responsible for the unrest and the anti-foreign feeling. Foreign residents of Canton, he said, are living in constant fear of a violent outbreak. He decries the strength of the Chinese in Canton as due to the fact that it is being encouraged by Chinese in America, the greater part of whom come from Canton province.

The discovery that Senator La Follette is a vegetarian will surprise those who thought his specialties were tossing mane and devouring raw meat.—Pittsburg Gazette.

CURES WORST CASES OF CATARRH

Just Breathe Hyomel Four Times a Day and Be Cured.

Hyomel cures the worst cases of catarrh simply by breathing the remedy through the pocket inhaler that comes with every outfit. Using the treatment in this way for a few minutes four times a day, every particle of air taken in the air passages and lungs is laden with germ-killing and health-giving Hyomel.

Stomach drugging often causes disordered digestion, and never makes a permanent cure of catarrh. Hyomel not only kills the germs in the throat and nose, but penetrates to the minutest air cells in the lungs and enters the blood with the oxygen, killing the catarrhal germs in the blood.

The complete Hyomel outfit, consisting of a vest-pocket inhaler and medicine dropper, and a bottle of Hyomel, costs only \$1. If this does not effect a complete cure, extra bottles can be obtained for 50 cents.

If you cannot obtain Hyomel of your dealer, it will be forwarded by mail, postage paid, on receipt of price. Write today for a free sample bottle and consolation blank that will entitle you to services of our medical department without charge. The R. T. Booth Company, Hyomel Building, Ithaca, N. Y.

## ARMED GUARDS DISMISSED

STATE POLICE REPLACE EMPLOYEES OF WESTERN PACIFIC.

SAN FRANCISCO, March 1.—The Western Pacific Railroad Company has dismissed the armed guard it has been maintaining on the disputed strip of ground immediately north of the Oakland estuary. This guard has been maintained day and night for the past five or six weeks on the property in question as part of the company's plan to secure a transbay terminal in opposition to the Southern Pacific's efforts to secure the same site.

The Western Pacific is getting rid of its guard, has arranged with Governor Pardee to have the several State policemen constantly on the scene, not to take the part of the Western Pacific against anybody else, but to maintain the status quo pending a decision of the matter by the Federal courts. The question as to who has the right to occupy the strip of ground claimed by the Western Pacific is now before United States Circuit Judge Morrow on proceedings in equity. Judge Morrow also has an injunction outstanding, issued on the application of the Southern Pacific against the Western Pacific, which would maintain the status quo regardless of the State police. This injunction will stand until he renders his decision.

Chief Engineer V. G. Bogue of the Western Pacific said last night: "We have dispensed with our armed guard, and Governor Pardee will have his State policemen there to do whatever watching may be necessary in the interests of everybody until the Federal court makes its decision. The Western Pacific, by this action, does not abate one jot of its rights there."

PEOPLE WHO EAT CLAY.

Clay eaters are found in the West Indies, Honduras and some of the regions around the Orinoco. They are not necessarily of any particular tribe, for even whites have fallen victims to this degrading and fatal habit. The habit is contracted at as early an age as 12 years, and the craving once acquired appears to be irresistible. Confirmed clay eaters will lie down and lick the earth where the edible clay is found.

They suffer from chronic dyspepsia and emaciation; but in spite of the pain and weakness, they cannot do without the clay any more than the confirmed drunkard can do without his alcohol. In some localities this clay is whitish gray, sometimes yellowish-pink. There appears to be no connection between the clay and the craving for it, and also the remains of minute organisms. It is sometimes eaten baked and sometimes raw.

A confirmed clay eater will take four, five, or even six pounds a day. Water is drunk with it. At length the habit seems to give an aversion not only to other kinds of food but also to alcoholic drinks. As soon as this stage is reached the eating of clay invariably causes death.

WOMAN'S BIG GARDEN IN MIDST OF PARIS

PARIS.—Being a woman, Mrs. Pelice has been given a big garden for her

her obstinacy in maintaining a private garden as big as Shaw's garden of St. Louis in the heart of the desirable residence section of Paris, known as Passy. This great walled-in garden, invisible to the neighbors, save from their roofs, is regarded by the municipal council as a nuisance, or at least an impediment to the public good, and they would be grateful to the owner if she would cut it into lots and sell it.

Why she does not so sell it, no man can tell. This property, bought for a song by her family about 1820, is now worth more than one and a half million dollars. For the past few years Mrs. Pelice has been despoiling herself of at least \$25,000 a year income, and no Parisian can understand that.

The authorities five years ago tried to "raise her out of the game" by putting a discriminating tax of the Henry George sort on unimproved land. She paid more than \$3500 to the city without a murmur, but other holders of vacant lots raised such a howl that the tax was reduced.—New York World.

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a running sound or roaring in your ears, and the ear is entirely closed, deafness in the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; hence cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular free.

F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

SALVATION ARMY REQUESTS CAST-OFF CLOTHING.

If persons having cast-off clothing or old furniture for distribution among the poor will send a postal to 420 Third street, Oakland, or phone Oakland 3465, the Salvation Army Relief team will call in any part of Oakland or vicinity for the articles.

## Dr. Jordan's Press Censorship.

The public now awaits with interest a stirring address from Dr. David Starr Jordan proving that the press censorship he has established at Palo Alto is intended to promote academic freedom. No doubt his desire that all news from Stanford University shall be given out by himself is in the interests of truth and fairness, but it is doubtful if the news would be so interesting as news as it would be something Dr. Jordan would have the public accept as the news. It is a pity that men of such large minds as the one Dr. Jordan possesses and occupying such lofty stations as the one he occupies, should stoop to paltering with the truth and practicing petty tyranny. Dr. Jordan is supposed to be administering a great trust for the benefit and enlightenment of humanity. In reality he is endeavoring to make Stanford University the puppet of his wishes and ambitions, trying to repress instead of enlarging the mental horizon of the student body. A man who will suppress the truth in small things, and repress its utterance, cannot be relied on to inculcate the full and exact truth in large things. Unhappily it too frequently happens that great scholarship and signal ability are divorced from mental rectitude—that moral purpose is too often obscured by an intellectual twist which seeks to justify unworthy means by assuming that they are intended to promote laudable ends. Many of Dr. Jordan's admirers have regretfully learned that his statements are not always candid or made with a conscientious regard for the facts. On several occasions he has been detected telling the public what he desired the public to believe rather than the unvarnished truth of the matter. When a man does this his moral fibre is flabby and his influence for good in the world lessens. It is painful to contemplate such a shortcoming in a man so splendidly endowed and so well qualified for an elevated leadership in thought as Dr. Jordan. There are spots on the sun, however, and perhaps such weaknesses are a necessary part of human frailty. Nevertheless, few of us care to view the clay feet of our idols. It weakens our faith and destroys our respect.

According to the Springfield Republican the Republican leadership in the House is "undersized." Unfortunately, there is truth in the statement. In the case of Grosvenor, who has just been denied a renomination, the leadership is not only undersized but hidebound. In the case of the Speaker it is narrow and ignorant. The Republican party is a party of progress, of moral ideas, and patriotic intentions, and the leadership which attempts to be Republican without trying to be right is neither a credit to the party nor a service to the country. A leadership that does not broaden with the expansion of the national atmosphere, that is not responsive to changed conditions and altered circumstances, nor imbued with the quickening impulse of modern ideas is reactionary and out of touch with the spirit of the age and the genius of the Republican party. The despotism in the House of small men with narrow conceptions and parochial ideas of statesmanship is sure to bring disaster to the Republican party unless it gives way to a more enlightened spirit and a loftier patriotism. The conscience and intelligence of the nation cannot be permanently held in subjection to the political aims and personal desires of an illiberal partisanship which subordinates the public welfare to the temporary exigencies of party expediency.

Clarice McCurdy did not sit with George D. Collins during his second trial. Evidently she has no use for another woman's husband if he is to be confined in State prison.

The Calaveras Prospect having nominated Leonard S. Calkins, editor of the Nevada City Miner-Transcript, for Congress in the First District, provided Hon. James N. Gillett retires to enter the gubernatorial race, Mr. Calkins declines the honor thrust upon him and announces that he favors the candidacy of W. F. Englebright of Nevada county. The First District could have no more faithful and intelligent representative than Mr. Calkins, for he has been a close student of the conditions prevailing in this State, particularly in the mining counties, and is therefore admirably equipped to deal with the legislative problems of first importance to the inhabitants of the First District. But Mr. Calkins is first of all a journalist, and all his inclinations are in the direction of the profession of which he is a veteran and honored member. Of Mr. Englebright's qualifications we cannot speak with such knowledge and confidence, though Mr. Calkins' endorsement is a high recommendation. However, we are inclined to the opinion that Mr. Gillett will reconsider his decision to become a gubernatorial candidate and stand again for Congress. In that event, it is hardly worth while for any candidate to oppose him, for he has proved himself to be a valuable representative.

What's that?

Grosvenor stood pat;  
Now he's laid flat  
Like a bed slat.

Pretty tough on the man who looks like Santa Claus and talks like Satan. But what the country at large desires to know is whether the Ohioans are really getting tired of patriotism of the old-flag-and-an-appropriation order. General Grosvenor belonged to the belated type of politicians who regard a political opponent as a public enemy and look upon proposals to revise the tariff schedules as rank treason. Now, after twenty years' service in the House, he has been repudiated by the Republicans of his district.

Ex-State Senator Frank French has been acquitted of bribery, and now the newspapers are trying the jury that tried him. From present appearances, the verdict will be that the jurymen deserve to be lynched.

## Alameda the Healthiest County.

The January bulletin of the State Board of Health shows that Alameda county is the healthiest of the State. During the last six months the death rate for the entire State was 13.9 per 1000. For Northern California, where, however, the returns were not particularly complete, the death rate was 10.1, as compared with 14.3 for Central California and 15.2 for Southern California. However, in the group of counties to which Alameda belongs (Alameda, Contra Costa, Marin and San Mateo), the mortality rate is only 12.4—the smallest of any subdivision in California. The death rate in the seven counties south of Tehachapi is 15.2, and of Los Angeles 14.6. However, the State Board makes a deduction from the normal death rate of the extreme Southern counties on account of persons arriving from the East in the last stages of tuberculosis, but allowing for this, the death rate for Southern California stands at 14.1 and for Los Angeles alone 13.8. San Francisco's death rate is 15.1, a trifle less than the rate for Southern California, but a little larger than the remainder of the State as a whole. The point that is of peculiar interest to us here is that Alameda occupies the post of honor as a salubrious and healthful place of residence. With the lowest death rate in a State which ranks as the healthiest in the Union, Alameda county can confidently invite a comparison

with all other localities. Ours is truly a land of health and opportunity, where the flowers are most radiant and the joy of living most exuberant. All who desire to live long and prosper should build a home and settle down to live in or around Oakland.

## THE SONG OF THE SKATE.

One more unfortunate,  
Trusting the fates,  
Rashly importunate,  
Tried on the skates.  
Pick her up tenderly,  
Loosen the straps,  
Fashioned so slenderly,  
Unused to mishaps.

Oh, it was pitiful  
That she should flop  
Where a whole city full  
Must see her drop.  
Pick her up tenderly,  
Smooth out her dress,  
Fashioned so slenderly,  
Made to caress.

Out she struck trustfully,  
Skating, galore,  
Down she came bustling  
On the hard floor.  
Pick her up tenderly,  
So good and so true,  
Fashioned so slenderly,  
What could she do?

Bumping inhumanly,  
Jolting the men,  
She is pure womanly,  
And tries it again.  
Pick her up tenderly,  
What does she care?  
Fashioned so tenderly,  
So plump and so fair.

—From the Merchant Traveler.

## GREAT LIGHT BREAKS.

It appears that all this agitation about freight rates and rebates and railroad discrimination in favor of the trusts is, after all, mispent energy.

The Hon. Carroll D. Wright, who for years prepared voluminous statistics as the "Commissioner of Labor," has discovered the one really great, crying evil in the railroad situation.

It is nothing less than the half fare granted to ministers and the excursion rates given for Christian Endeavor conventions. "Ethically," Dr. Wright tells us, "there is no difference" between these rebates and those by which the Standard Oil trust crushed out competition, and which the coal trust is using today to mulct the public.

Dr. Wright is president of Clark University, and knows a lot about ethics. Far be it from us to doubt his judgment.

Incidentally, we feel pleased that he has justified our faith—clung to for years under discouraging circumstances—that some day he would do something that would be some return to the country for the salary which he drew from the government.—Philadelphia North American.

## SOME PASSING JESTS.

"Why couldn't George Washington tell a lie at the cherry tree?" asked the small boy.  
"Because," answered his father, who is a rough and irreverent man, "he was caught with the goods."—Washington Star.

"How do college degrees benefit a man?"  
"They vary the monotony," answered the scoffer, by enabling him to wear initials after his name instead of before."—Philadelphia Ledger.

English Guide—The echo 'ere in these mountains is very fine, sir.

Tourist (after shouting "Hello!")—Well, there is an echo, but it isn't intelligible.

English Guide—You don't understand the language, sir. These are Welsh mountains, y'know.—Cleveland Leader.

"To be entirely frank," said his critical friend, "I don't like your editorial page."

"What's the matter with it?" demanded the editor of the Daily Bread, greatly surprised.

"You—er—don't run enough reprint on it."—Chicago Tribune.

"There's a man," said Phipps, "who makes a practice of smoothing over the defects of poor humanity."

"He has a rather hard looking face," said Fipps. "What's his business?"

"He's a society photographer."—Cleveland Plain Dealer.

Her tearless grief was sad to see.

We wondered why no tears she shed.

"I'm glad I cannot weep," said she,

"For weeping makes one's nose so red."

## CHIPS FROM OTHER BLOCKS.

The President shoveled coal under the boilers of the battleship West Virginia a few days ago. He has also started a brisk fire under a West Virginia Senator.—Kansas City Star.

An interesting and significant feature of the President's message is to be found in the careful, almost ostentatious, industry with which it ignores Venezuela.—Washington Post.

A new educational table of weights and measures: One high school makes two goals; four goals make one college; two colleges make one university.—Charleston News and Courier.

Perhaps the first great triumph of the twentieth century is the establishment of the principle that the janitor of an apartment house does not own the sidewalk in front of it.—Chicago Tribune.

A counsel for the beef trust denounces the effort to "poison" the public mind by false charges against his clients. Can this mean that there has been "embalmed evidence" used against the packers?—Kansas City Times.

**Does Your Heart Beat**

Yes, 100,000 times each day. Does it send out good blood or bad blood? You know, for good blood is good health; bad blood, bad health. Ask your own doctor about taking Ayer's Sarsaparilla for thin, impure blood. We have no secret! We publish the results of our analyses.

## THE PATIENCE OF JOB

Could Hardly Endure the Torture of Itching Piles.

Itching piles is constant torment—no is excruciating. No comfort all day, no rest at night. Can't keep your mind on work. No use to go to bed. Suffer no longer; use Doan's Ointment. It gives relief in five or ten minutes. It cures in a short time—cures you to stay cured. Oakland people endorse it. R. Gilgan, of 1215 Clay street, Oakland, Cal., says: "Doan's Ointment is the finest thing I ever used for itching and bleeding piles from which affliction I have suffered for years. The itching stopped after a few applications and in a short time I was completely relieved. I would not be without this preparation in the house. It is the best remedy of the kind that I know of." For sale by all dealers. Price 50 cents. Foster-Milburn Company, Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

## THE MAN WHO LAUGHS.

He seems to take  
You with a shake,  
And force the hidden laughter out;  
We envy him  
His mirthful vim,  
The cheer he always has about.

Within the room  
He lifts the gloom,  
And keeps the guests in gay commotion.  
He has a pun  
For every one,  
And leaves it with a joke's explosion.

No grief can drown  
His humor down—  
He's light of heart as was Mark Tapley;  
With less than half  
Our cause to laugh,  
He treads life's pathways twice as happily.

How sweet and deep  
Must be his sleep,  
How bright the scenes in dreams that rise!  
And when he wakes  
We know there breaks  
A morn of mirth in his glad eyes.  
—George Birdseye.

## TELEPHONE ENGINEERS.

Telephone engineers belong to a new order of things. While in some respects they might be classified with the telegraph engineers, since both deal with systems of communication, the problems presented to them are of an entirely different character from those which the telegraph man contends with. They have come into prominence on account of the great extension of the use of the telephone. Many years were required after Bell first exhibited his system before entirely satisfactory receiving and transmitting apparatus were developed, and today it would be difficult to devise a more troublesome problem than is presented to the telephone engineer in designing a large central office. Where there are but a few circuits to be connected together, or even a few hundred circuits, the matter is comparatively simple, but when the number of circuits running into a station runs up to 20,000 or more, and means must be provided for connecting any one of these 20,000 or more circuits with any other one and doing it quickly and surely, it is evident that the task is one of the greatest magnitude. It has, however, been satisfactorily solved by the rapid development of the telephone switchboard. So rapid has been the growth of the telephone that the needs of our larger cities make it necessary for telephone companies serving them to build and equip several central offices, thus multiplying greatly the number of parts which must be kept in perfect order. Our larger cities now require the wires to be placed underground, thus adding considerably to the problem as presented to the engineer, and the troubles experienced in severe winters are leading the companies to bury certain of their more important long distance lines. The telephone engineer must also keep his eye on the future, and see wherein his service may be improved or extended.

Some of the problems with which these two branches of engineering are today contending are referred to in the address of John Gavay, president of the Institution of Electrical Engineers of Great Britain.

The telegraph engineer, in spite of the general impression that he is clinging tenaciously to the old, simple Morse system because he thinks the public can be satisfied with the service thus secured and he does not want to incur the expense of introducing a new system, has been for years looking for a rapid printing telegraph. A number of such systems have been invented but the majority of them do not seem to Mr. Gavay to meet the needs of the telegraph companies. He thinks, however, that we are well under way toward the solution of this old and difficult problem. In the new branch of the telegraphic art—wireless telegraphy—although a great many types of receiving instruments have been produced, and it has been found that there are many ways of constructing devices which would be sensitive to electric waves, the state of the art is, in his opinion, still unsatisfactory.

In telephony there are still a number of pressing problems awaiting our final solution. A really satisfactory relay or repeater is badly needed. While an expert telephonist can maintain a satisfactory conversation over a long-distance line, say, 1000 miles or more, the average user cannot do so, as his ear is not sufficiently trained. A satisfactory relay would much improve the condition. Placing the wires underground also increases the difficulty of successful long-distance communication, and much work has yet to be done in applying the leading principle

## THE HAIR BRUSH.

Breeds Dandruff, Which Causes Falling Hair and Finally Baldness. Professor Unna, Hamburg, Germany, European authority on skin diseases, says that dandruff is as contagious as any other malevolent disease, and that one common source of the spread of dandruff is the use of the same hair brush by different persons. The way to avoid catching dandruff or any other disease from another's brush, is to insist on the use of Newbro's Hairbrush. It not only kills the dandruff germ, but it is also an antiseptic that will prevent the catching of any disease whatever through contagion of another brush. Sold by leading druggists. Send 10 cents in stamps for sample to The Hairbrush Company, Detroit, Mich.

Will Help Men

LOCAL CLUB AND SOCIETY DOINGS;  
SOME AFFAIRS PLANNED AT HOME

This evening an informal reception and dance will be given at the Home Club in East Oakland. The guests will be received by Miss Ethel Moore, Mrs. Henry Wetherbee, Mrs. T. C. Coogan, Mrs. Harry Dumont, Mrs. George B. M. Gray, Mrs. J. A. Chase, Mrs. James A. Johnson, Mrs. S. J. Taylor, Mrs. Granville Shuey, Mrs. John Tule, Mrs. B. F. Weston, Mrs. Bernard Miller, Mrs. Irving Lewis, Mrs. G. E. Brinkner, Mrs. C. B. Parcells, Mrs. J. R. Burnham, Miss Mabel Gray, Miss Margaret Knox, Miss Ethel Johnson, Miss Marion Goodfellow, Misses Oliver, Miss Lucretia Burnham, Miss May Coogan, Miss Pauline Collins, Miss Emma Wellman.

There will be a brief musical and literary program preceding the dance. Miss Delight Woodbury will contribute several recitations.

Thursday of next week is the regular luncheon day of the club and the luncheon hour will be followed by an address to be given by Miss Sprague, dean of the Women Students of the University of California.

**WEDDING DATE.**  
The marriage of Miss Evelyn Clifford of San Francisco and Sylvanus Farnham of Oakland will take place in September and will doubtless be one of the prettiest affairs of the season. The formal announcement of the engagement was made at the debut a few months ago of the pretty bride-elect.

**THEATER PARTY.**  
Miss Elizabeth Seurham will entertain a party of friends next Saturday afternoon at a matinee party.

**HAS RETURNED.**  
Miss Helen Dornin has returned after a pleasant month spent in the South.

**SKATING CLUB.**  
The Wednesday Evening Skating Club held a meeting last night at the Piedmont rink and among those who skate noticeably well were Mr. and Mrs. McNear, Mrs. Fred Knight, Miss Claire Chabot, Mrs. J. P. H. Dunn, Miss Violet Whitney, Mr. and Mrs. Frederick B. Dailam, Mr. and Mrs. John F. Connors, Mr. and Mrs. Percy Walker, Mrs. J. H. Dieckman, Mrs. Frank Brown, Miss Katherine Brown, Mrs. D. H. Mathes, Miss Mollie Mathes, Mr. and Mrs. E. M. Walsh, Miss Marion Walsh, Misses Kales, Mrs. Lillian Brown, Mrs. Everts, Miss Florine Brown, Mrs. Charles Egbert, Edward Egbert, Mr. and Mrs. W. H. Morrison and many others.

**INFORMAL SUPPER.**  
Mr. and Mrs. R. A. Bray entertained Sunday evening at a pleasant affair an informal supper given in compliment to Mr. and Mrs. Willis Walker of Minneapolis, who are the guests of the

MISS VIVA NICHOLSON, WHO SHARED THE HONORS RECENTLY AT A BREAKFAST FOR HALF A DOZEN SOCIETY GIRLS.

Clinton Walkers at Piedmont. A musical scale followed the supper, a dozen guests participating.

**AT THE METROPOLE.**  
Charles H. Victor and wife of Rochester, N. Y. have apartments at the Metropole. Mr. Victor is here to take charge of the San Francisco branch of the Yawman & Erbe Company of Rochester, N. Y., manufacturers of office filing devices.

W. J. Stowe, wife, two children and nurse are located at the Metropole. They will remain in Oakland for several weeks.

J. O. Mason and wife and J. P. Mason and wife of Aurora, Ill. are visiting Oakland for a while and are at home at the Metropole.

**NEW HOMES.**  
Mr. and Mrs. A. J. Snyder will be established in their attractive new

home in Linda Vista before the end of March.

Mr. and Mrs. Isaac Oliver Upham will occupy their new Piedmont home this month.

Mr. and Mrs. Arthur L. Adams are getting settled in their new Linda Vista home.

Mr. and Mrs. William Russell and Miss Gertrude Russell have taken a pretty house on Ninth street.

**GOING ABROAD.**  
Mr. and Mrs. Alfred Tubbs will sail for Europe the early part of April and will remain abroad indefinitely.

**CARD CLUB.**  
The Claremont Country Club was the scene of a pleasant gathering a few evenings ago when one of the local card clubs enjoyed a dinner there, and the usual card game.

The prizes were won by Mrs. Carey

HATS IN THE  
CHURCH NOT A  
NEW QUESTION

The question now disturbing many congregations of women wearing hats in church recalls the fact that men also formerly wore theirs at worship, says an exchange. Pepys shows that in the seventeenth century both men and women wore their hats to worship. "To church," he writes, "and heard a simple fellow open the praise of church music, and exclaiming against men wearing their hats on in the church." Later he notes that he saw a minister "preach with his hat off \*\*\* which I never saw before." The hat was then an integral part of both male and female costume, and Pepys catches "a strange cold in my head by flinging off my hat at dinner."

Howard and Edwin de Golla. The guests were Mr. and Mrs. Louis Cockroft, Mr. and Mrs. Carey Howard, Mr. and Mrs. E. C. Prather, Mr. and Mrs. Frank Leach, Dr. and Mrs. W. D. Huntington, Miss Alice Flint, Mr. and Mrs. Ralph Lee, Mr. and Mrs. Edwin de Golla and Mr. and Mrs. John G. Hoyt.

**IN BERKELEY.**  
Mr. and Mrs. Frank Stringham have returned to this side of the bay, having taken apartments at "Cloyne Court," Berkeley, pending the completion of their own home at Claremont.

**GUEST OF HONOR.**  
Miss Elsa Schilling will be the recipient of many delightful favors before her departure for Europe, and among the charming compliments planned for next week is the luncheon to be given Wednesday by Miss Johanna Volkman at her home across the bay.

**AT BREAKFAST.**  
Miss Janet Coleman, Miss Maud Payne, Miss Emily Marvin and Miss Viva Nicholson were guests Tuesday at a breakfast given by Paymaster Richworth Nicholson on board the Independence, the ship lying at Mare Island.

**P. L. P. CLUB.**  
The Palette, Lyre and Pen Club has sent out the following program for the

month of March: Walter Manchester, chairman.

March 2—Trio, violin, Mr. Manchester, cello, Will Leimert, piano, Harvey Loy. Op. 29, N. W. Gade; Op. 1, Finales, Presto, Beethoven.

March 16—Prof. Howard Swan will lecture, "Some Aspects of Life in the Interior of China." Trio for violin, cello and piano, Op. 69, D minor, Mendelssohn.

BIRTHDAY PARTY.

The home of Mrs. William Belrose on West street was the scene of a merry gathering recently at a birthday party planned for little Claire Belrose.

The house was decorated with smiling and red carnations and the little guests spent the afternoon with games and music. The young hostess received many pretty gifts. Prizes were won by Dewey Foster and Marguerite Denny.

At half after four the children marched to the dining-room, led by Miss Claire and Emmet Fitzpatrick.

Those present were Marguerite and Leona Denny, Dorothy and Martin Wellendorf, Robert Holmes, Glenore Hyde, Estelle and Remona Belrose, Olive Legault, Irene and Ignatius McCloy, Annie and Valita Reliv, Maud Henry, Audrey Haberlin, Ruth Brown, Marguerite Beckett, Bernice Belrose, Claire Belrose, Emmet Fitzpatrick, Edwin Kite, Alvin Kite, Dewey Foster, Belmont Henry. Those who assisted in receiving the children were Miss Fannette Plomondon, Miss Kathryn Hyde, Mrs. K. Hyde, Mrs. L. Belrose, Mrs. W. J. Hyde, Mrs. Denny, Mrs.

PLACES HER  
BAN ON DECOLLETE  
MOURNING

**PHILADELPHIA, Mar 1.**—Upon the fashion adopted by Mrs. Marshall Field, of having a mourning gown for evening wear made with low neck and short sleeves, Miss Elizabeth White, president of the National Protective Dressmakers' Association, now holding a fashion convention in Horticultural Hall, has set the ban of her positive disapproval.

"It makes no difference how young and beautiful she is. She is in sorrow and she ought to dress accordingly. I suppose she looks prettier in a decollete gown—lots of women do—but they don't wear them when they are in mourning."

ANN ARBOR  
CONTAINS 3185  
COLLEGE WIDOWS

**ANN ARBOR, Mich., March 1.**—There is considerable consternation in Ann Arbor over the statistics which are brought to light by the last city directory. This shows that there are 3185 unmarried women in the city, counting widows, grass and sod, and maidens of more or less uncertain age, including college widows.

As an offset to these figures every eligible man in the city has been rounded up and the best they can show is 2099.

The women are at a disadvantage, however, in the fact that no distinction is possible between the real original package bachelors and those whom providence or the law has freed.

Fitzpatrick, Miss Julia Fitzpatrick, Mrs. Wellendorf, Miss Marion Holmes, Mrs. Brown, Mrs. Henry, Mrs. Flynn, Mrs. Bedell and Miss Lolita Kite.

WHIST TOURNAMENT.

Oakland Union No. 277 Order of Washington, will give a whist tournament on next Friday evening, March 2, at Fraternal Hall, to aid the family of Mrs. Patterson who perished on the steamer Valencia. The chairman of the committee, Comrade Josephine Holtenstetter, has completed all arrangements. Handsome prizes have been procured, and the cause being a worthy one it is hoped the public will generously respond by attending. The money for the claims for death benefit has been received and turned over to those to whom they have been left, thereby gladdening the hearts of many. The union meets every Friday evening at Fraternal Hall. Comrade Kate Renshaw, president, Grace E. McPhail, secretary, D. C. Henninger, treasurer.

PERSONALS.

Elsa Magerstadt is visiting friends in Chicago.

Henry A. Butters was in Chicago recently on business.

M. A. Stevens is a guest in Sacramento.

H. G. Ross is a visitor in Fresno.

Miss Bertha Chapman was in Sacramento recently.

Frank Pierce and Mr. and Mrs. Frank

WOMAN DEAD  
FROM WORRY  
OVER HER  
WEIGHT

**PROVIDENCE, R. I., March 1.**—Mrs. St. Jean Baptiste Vonsonant, aged thirty-five, the heaviest woman in this State, died today in Pawtucket. She weighed 485 pounds.

Four weeks ago a museum manager made her an offer for an engagement of ten weeks at \$200 a week. She was kept busy refusing offers of this sort. Her death was due, the doctors say, in a large measure to worry over her unusual weight and the curiosity it excited.

\*\*\*\*\*

Adams were among the Oaklanders recently in Sacramento.

Mrs. M. Weyl was the guest of her mother last week at Petaluma.

Mrs. Henry East and Mrs. William Jenkins were guests last week of Mrs. Charles E. Trower in Napa.

J. Taylor is visiting friends in Sacramento.

Miss Clara Comstock has returned to her Petaluma home after a visit here.

Miss Belle Keifer and her niece, Miss Anna Kiefer, are visiting relatives in Oroville.

R. L. Durbrow of this city is visiting in Placerville.

J. J. Burke attended the Elks' gathering recently in Vallejo.

C. F. Hall was in Merced last week. Fred Martin has been visiting relatives in Watsonville.

J. A. Cole Jr. was in Fresno on a business visit last week.

Mrs. F. Gowing was a guest last week of friends in Cloverdale.

Miss Luella Fields is a visitor in San Luis Obispo.

Sid Wilson spent a few days recently in Vallejo as the guest of Attorney Frank E. Powers.

AGED MAN IS  
GROWING UP  
LIKE A  
WEED

**PHILADELPHIA, March 1.**—Having grown more than six inches in the last year or so, though he is fifty years old, Edward Saunders, living at 1813 Colorado street, has placed himself in the hands of Jefferson Hospital physicians in an effort to halt his unusual development.

Always a man of average height, Saunders began to grow something over a year ago, and he is now six feet six inches tall. He is chiefly worried, however, over the abnormal size his hands and feet are attaining.

CURIOUS LOVE AFFAIR OF AN OFFICE BOY

The Stern Law Has Ordered Miss McVicker, Aged 23, to Give Back the Money Newman Cargo, Aged 15, Spent on His Very First Sweetheart.

This is the sad true story of the beginning and end of an office boy's romance.

Newman Cargo fifteen office boy, at \$5 a week fell in love with Sadie McVicker sweet and twenty-three.

He lavished on her in candies and theater tickets \$30.70 Mrs. Cargo needed the money and sued her son's sweetheart. She got a judgment for the amount Miss McVicker appealed the case.

And now the cluttered courts of Pennsylvania have before them the solving of an exceedingly complex social problem.

All the parties to this romance of real life live over the river in the suburbs of Pittsburgh. Mrs. Cargo mother of the lovelorn office boy dwells in modest contentment in a cozy little cottage just around the corner from the McVickers. Papa McVicker, who is a paper-hanger is conducting the fight against the indomitable Widow Cargo.

FOR HIS MOTHER.

Newman was an office boy employed by a Pittsburgh firm. Like all dutiful sons when the head of the firm crowded \$10 upon him every other week in lieu of all further pay and emolument, he brought the envelope home and laid it on his mother's lap and accounted for the very last red cent. And that \$10 on every alternate Saturday night went a long way toward maintaining the family in homely comfort.

Mrs. Cargo is a trained nurse, and

being away from home so much she hasn't had much of a chance for social calls. So she didn't make the acquaintance of the McVickers till stern duty compelled her. Miss McVicker was once upon a time engaged to an estimable young man but for some still undisclosed reason the match was broken off.

When the girl told the boy how lonely she was his big heart swelled up with pity and love—from that moment he resolved to be more to the poor girl who craved his sympathy than the other fellow had ever dreamed of being.

PAY BEGAN TO SHRINK.

And so next week the pay envelope was shy \$2.

This was August 1. There was a ready excuse for Newman had never loved before and he couldn't bear to tell his mother the sweet truth. From the next fortnight's envelope there was \$3 gone. Newman stammered a reason but with a mother's instinct Mrs. Cargo fathomed the truth.

"You are in love with some girl!" she cried, and Newman had to own up, he was.

September followed upon the heels of August and with it \$15. This was too much. Newman was taken to task. Sulky silence was admission that what his mother said was true. Then Mrs. Cargo called to aid a trunk-strap, and laying the lovelorn swain across her lap, she applied the strap where it would do the most good. The very next day, to get square, Newman laid out \$1.80 on his sweetheart.

"You forget that girl," ordered his mother.

For an answer the October pay envelope was rifled like an insurance company's surplus. November brought a fourth shortage. The mother rebelled. Monday morning found her at the office of Newman's employers. When she left she had their promise to pay Newman's wages to her personally. Then she sought out Justice of the Peace Hugh Simons.

SUBURBAN SOLON.

Justice Simons is a suburban Solon. He handles cow cases, torts inflicted by wandering hens and roosters, and other knotty legal questions that stir up rural communities, in a manner which is the pride of the township.

"If you have warned the girl not to accept the boy's attentions and she has continued receiving them," was his decision, "a suit will lie."

If there was anything that Mrs. Cargo had done, it was just this. More than once she had taken occasion to give Miss McVicker a good piece of her mind after Newman had confessed his love.

Justice Simons thereupon advised that Miss Cargo had a right to bring suit against Miss McVicker, being his lawful and natural guardian. As such, she was entitled to all his earnings, and if the son had so far forgotten his filial duties as to spend his money so freely then the lawful guardian had a right to recover whatever amount the evidence adduced.

**SPENT \$30 IN THREE MONTHS.**  
Mrs. Cargo knew to a cent. In three

months and a half the fortnightly envelopes had been shy just \$30.70, and for this Mrs. Cargo sued. When the case was called Miss McVicker put in no appearance and judgment by default went against her. Later Papa McVicker resolved to fight. He secured a transcript of the testimony, and took the case on appeal to the Allegheny County Courts. As the courts are now three years behind in their work, this celebrated case will have to wait until Newman is a bit older. A general idea of its gist, however, may be had from what has gone before. Here is the testimony already given, and noted down by Justice Simons himself.

"The plaintiff, Mrs. Lizzie Cargo, being sworn says her son, Newman, used his money which should have been given to her, in taking Sarah McVicker to the theater and in buying her candy etc., to the amount of \$30.70, as follows: In August, 1905, \$5, September \$15, October 4, \$3.20, October 15, \$3.75, November 15, \$3.75.

"Mrs. Cargo further states that Sadie McVicker sent for Newman to come over, she wanted to see him. She sent her little sister, Virginia, saying that Sadie wanted to see Newman."

"Question by the Justice: Did she send for him often?"

"Mrs. Cargo:—Yes, several times. She sent to the train that he came home on, so he went over to the McVickers."

"Newman Cargo sworn."

**CANDY FOR GIRL.**

"Question by the Justice:—Do you

draw your own wages yourself?"

"Yes."

"Did you take it home and give it to your mother?"

"No. I used it in buying Sadie McVicker candy and taking her to the theater."

"Where did you spend the money?"

"I spent some at Mrs. Campbell's store, some at Lang & Haley's, and some in Pittsburgh. I was to go to the theater in Pittsburgh November 18, and was to have taken Sadie McVicker and Blanche Barclay."

"Where did Sadie McVicker meet you?"

"At Allegheny twice and once at the entrance to the theater."

"Did Sadie McVicker ask you to buy her anything?"

"Yes, she sent me to Lang's to buy her some candy. I went and got some pop and ginger ale. Her father and mother were away, so we drank the ginger ale and pop. I have not taken her any place lately."

"Did Sadie ask you for a dollar to buy gifts?"

"Yes, she said she wanted it for a wedding present for Mrs. Scholl. After my mother whipped me, Sadie told me to come over after dark, and that mother would not find it out. Her father told her to be careful or there would be a big fuss, but she told him to shut his mouth."

Just at present Newman is not working. He has other troubles besides love on his hands—the mumps. After suit was entered he quit his place in Pittsburgh, and his uncle got him a job

at the Westinghouse shops, where he could be far removed from the object of his affections. There he got the mumps and is home again, recuperating.

His interrupted wooing is not worrying Newman so much as the pain in his neck. His head was about the size of a bucket and his head and throat were swathed in red flannel when he was seen, and he didn't want to talk much because it hurt his ears.

"I'm done with love," he declared, stoutly. "After this I'm going to stay at home and help my mother keep the family. No more girls for me."

Mrs. Cargo was away nursing a patient, but Grandma Cargo made plain the position of the family in regard to the romance of their boy.

HAD TO STOP HIM.

"We didn't want him to go to the McVickers' and we told this girl so," said the old lady. "But she would send for Newman, and the boy would go slipping over there and spending his money on her until his mother just had to do something. When the trunk-strap didn't stop it she had to find some other means, and so she entered the suit. The boy has quit now, and I guess it is going to be a good lesson for him. He will not be fifteen years old for two months yet, although he is big for his age, and we didn't want him beginning to go with the girls for a few years yet. If he lives long enough he'll have plenty of time for that before he is as old as I am."

Grandma Cargo thinks a lot of Newman. He is a big, overgrown young-

ster, with the shoulders of a coming football player. He smiled in a sheepish way when his romance was referred to and rather relished the idea that he was the hero in a real love affair.

GIRL'S SIDE OF CASE.

Miss McVicker was just as free in speaking her mind as Grandma Cargo and Newman.

"There is a whole lot back of this which will come out when the case comes to trial," she said. "My side of the story will be told in court. Just at first we thought we would pay no attention to it at all, but papa decided it would not do to let it end here, so we took an appeal."

"It isn't true that Newman left Sunday school to come over and sit on the back porch with me and they had to send one of the other scholars over to get the keys for the Sunday school library from him. There are a whole lot of things which are not true. He did go to the theater with me, and it isn't true that he is not yet fifteen; he is nineteen, for he told me so himself, and he is certainly big enough to be all of that. Now, that's all I'm going to say, and papa does not allow me to say anything," so Miss McVicker withdrew into the house and maintained a dignified reserve.

The neighborhood is enjoying to the utmost this romance of youth on the one hand and experience on the other. It was figured up that \$30.70 in three and a half months is more than the average married woman has had for herself in a year.

EMERSON IS NOT FOR OAKLAND

According to a dispatch from San Jose, the Oakland Baseball Club has lost the services of pitcher Emerson, for whom "Meinle" Schmidt was traded to Fresno. The report states that the San Jose team of the State League has signed Emerson, the inducement being the securing of a job for the youngster, thus enabling him to make as much money as he would twirling Coast League ball.

The youngster is a San Jose boy, and if he has signed with Manager Meyer of the Garden City Club, doubtless has done so as much out of sentiment as anything else.

The dispatch referred to is as follows: The first member of the new San Jose baseball team has been signed. Elmer Emerson, dubbed the "Speed Marvel" by a host of admirers, who last year pitched for the Tacoma Tigers, signed a contract with Amy Meyer yesterday morning to pitch for the San Jose team for the coming season.

Manager Meyer is feeling jubilant over securing Emerson. Said he: "The season will surely shed tears over the news; they fear the 'Speed Marvel' and a big step has been made to secure a pennant winning team."

The fans may congratulate themselves that the local management has been able to secure one of the best pitchers on the coast, and one who is in such great demand. Emerson has refused many offers. Mike Fisher tried to get him again this year. A contract was sent up from Fresno a few days ago, but Emerson sent it back unsigned. Seeing that he was not to be secured, Fisher traded Emerson to Oakland for "Pretzel" Schmidt. Thus he was open to offers from Mr. Meyer.

Emerson has favorably pitched better ball in San Jose uniform than in any other. A good position has been obtained for him, that he will not lose anything by his sacrifices for San Jose.

Director Edwin Walter of the Oakland Club said, when told of this report: "Of course, it may be that Emerson has signed with San Jose, as he had not yet signed with us, merely having been placed on our reserve list, through having been assigned to us by Fresno. But I can scarcely believe that he will not be with us. That is, it does not seem likely that he would sign up with someone else without sending us any word whatever."

"We sent him a contract recently, but have not heard a word from him in reply. Of course we would be sorry to lose him, but then—there are others, you know."

BOOKIES FARE BADLY AT TRACK

It was the public's day again at Emeryville yesterday.

These are gloomy days for the bookmakers. Well backed horses have been coming in with some regularity, despite the fact that the track conditions have been against the betting public. Three favorites, two second and one third choice scored yesterday, to the chagrin of the bookmakers.

The race that attracted the most interest was the sixth race, at five and a half furlongs, in which the favorite, Nova Lee, Deutschland and Toccolaw, hooked up. The bookmakers made Nova Lee the favorite, while Toccolaw had a slight edge over Deutschland for second choice. On the way to the post, Toccolaw got a little stubborn and refused to budge until a man with the whip made his appearance, when he started for the post at a lively gait. Dwyer sent the field away to an excellent start. Deutschland soon showed in the lead, followed by Toccolaw. On the far turn Toccolaw moved up to Deutschland, and a battle royal ensued, Toccolaw winning out by a neck. Nova Lee was never a serious contender, as the distance was too short. Nova Lee won at least six and a half furlongs, but is possibly best at a mile or one and one-half miles.

Mabel Hollander, on the strength of her showing in the stake, was naturally a strong favorite in the first race. But she made a most disappointing showing and can be added to the long list of favorites from the Stover stable that have failed backers.

Cockade was a handy winner in the second race. Rusticote, a 30-to-1 chance, came in second, a neck in front of Lord Nelson.

Rear Hunter, a 40-to-1 chance, led to the stretch in the third race, where Alice Carey came along and won easily. She was a 6-to-5 choice.

Winters was made favorite in the fourth race at a mile, but she never figured to any great extent. Dusty Miller, always close up, took the lead on the back stretch and won from Charlie. Lily Golding landed the fifth race, out Judge got up close at the finish.

Champion Liniment for Rheumatism, Charles Drake, a mail order at Chicago, Ill., Conn. says: "Chamberlain's Pain Balm is the champion of all liniments. The past year I was troubled a great deal with rheumatism in my shoulder. After trying several cures the storekeeper here recommended this remedy and it completely cured me." "There is no use of anyone suffering from that painful ailment when this liniment can be obtained for a small sum. One application gives prompt relief and its continued use for a short time will produce a permanent cure. For sale by Osgood Bros., corner Twelfth and Washington streets, and corner Seventh and Broadway."

THE QUALITY OF JESSE MOORE WHISKY HAS MADE IT A WINNER FOR 25 YEARS

On Sale at All First-Class Places.

WHAT ELSE IS THERE BUT NEWS OF THE SPORTS?

A sad-eyed rooster sprang from bed and grabbed the morning sheet

Which told, in glaring headlines, of a Justice's defeat.

He read how Mister Longworth used the words "My son of life."

When speaking of the damsel who is soon to be his wife.

The rooster turned from page to page and acted bored to death

Till, coming to the sporting page, he read with bated breath:

"Pat McGuire, the promising young outfielder, has jumped to the outlaw league on the Pacific Coast."

"Amos Rusie is working in a gym every day, and appears to be rounding into his old form."

"Clark Griffith expects great things of his new recruit, Roy Hitt."

What though the Hudson's breezes blow soft o'er Gotham Isle—

Where many a prospect pleases, and only Mann is vile.

What though the trusts are merged—

ing till there's nothing left to merge,

And down in troubled Chinatown is heard the victim's dirge.

These various bits of gossip bothered not the rooster's head—

His eyes were glued upon the page, and this is what he read:

"Lafolc has been experimenting with a new ball, which he believes will soon become generally used."

"Hans Wagner says that much of his success in hitting is due to his bow legs."

"Red Ehret, the old-time pitcher, is now running a cafe in Montgomery, Ala."

A newsboy on the street below yelled "Extra! Fifty killed!"

The rooster heard the slogan, but he wasn't even thrilled.

A message came to tell him that his office was on fire.

And tidings of his father's death came whizzing o'er the wire.

remarking to his loving wife, "Say, Jane, the old man's dead."

He gave his whole attention to the startling news he read:

"John McGraw says all young players should be taught to bat left-handed."

"Mickey Flynn will play out on the coast another season. He led the Pacific League in hitting and fielding last year."

"The Giants will train at Memphis and the Highlanders at Birmingham."

CLUNIE TIRED OF HIS JOB

SAN FRANCISCO, March 1.—Andrew J. Clunie, who purchased a controlling interest in the San Francisco baseball club a few weeks ago, seems to be tiring of his job even before he has started. Yesterday he came out with an announcement that if something is not done within the next few days to make him more satisfied with conditions he will throw up the whole business and give Recreation Park, the local ball grounds, over to a tournament to be held between the various amateur clubs in and about the city, with a \$5000 purse for the winning club at the end of the series. This startling announcement was the talk of baseball circles yesterday.

Clunie's grievance, in his own words, is as follows: "Frankly, I am not at all satisfied with baseball conditions in the Pacific Coast League. I am particularly dissatisfied with the way the players have acted in regard to contracts, not returning them promptly and endeavoring to hold me up for higher salaries. I have raised those salaries which I thought should be raised, and the only ones that have been lowered have been those that should be lowered. Then, again, I don't like the way the Seattle management has behaved, especially in the Mohler case. I had Mohler under contract for next year, but Seattle, in an underhand manner, lured him away. I understand, too, that the Seattle Club is trying to break away from the Coast League, to get into another league up north, which is another thing that does not make the future look bright to me."

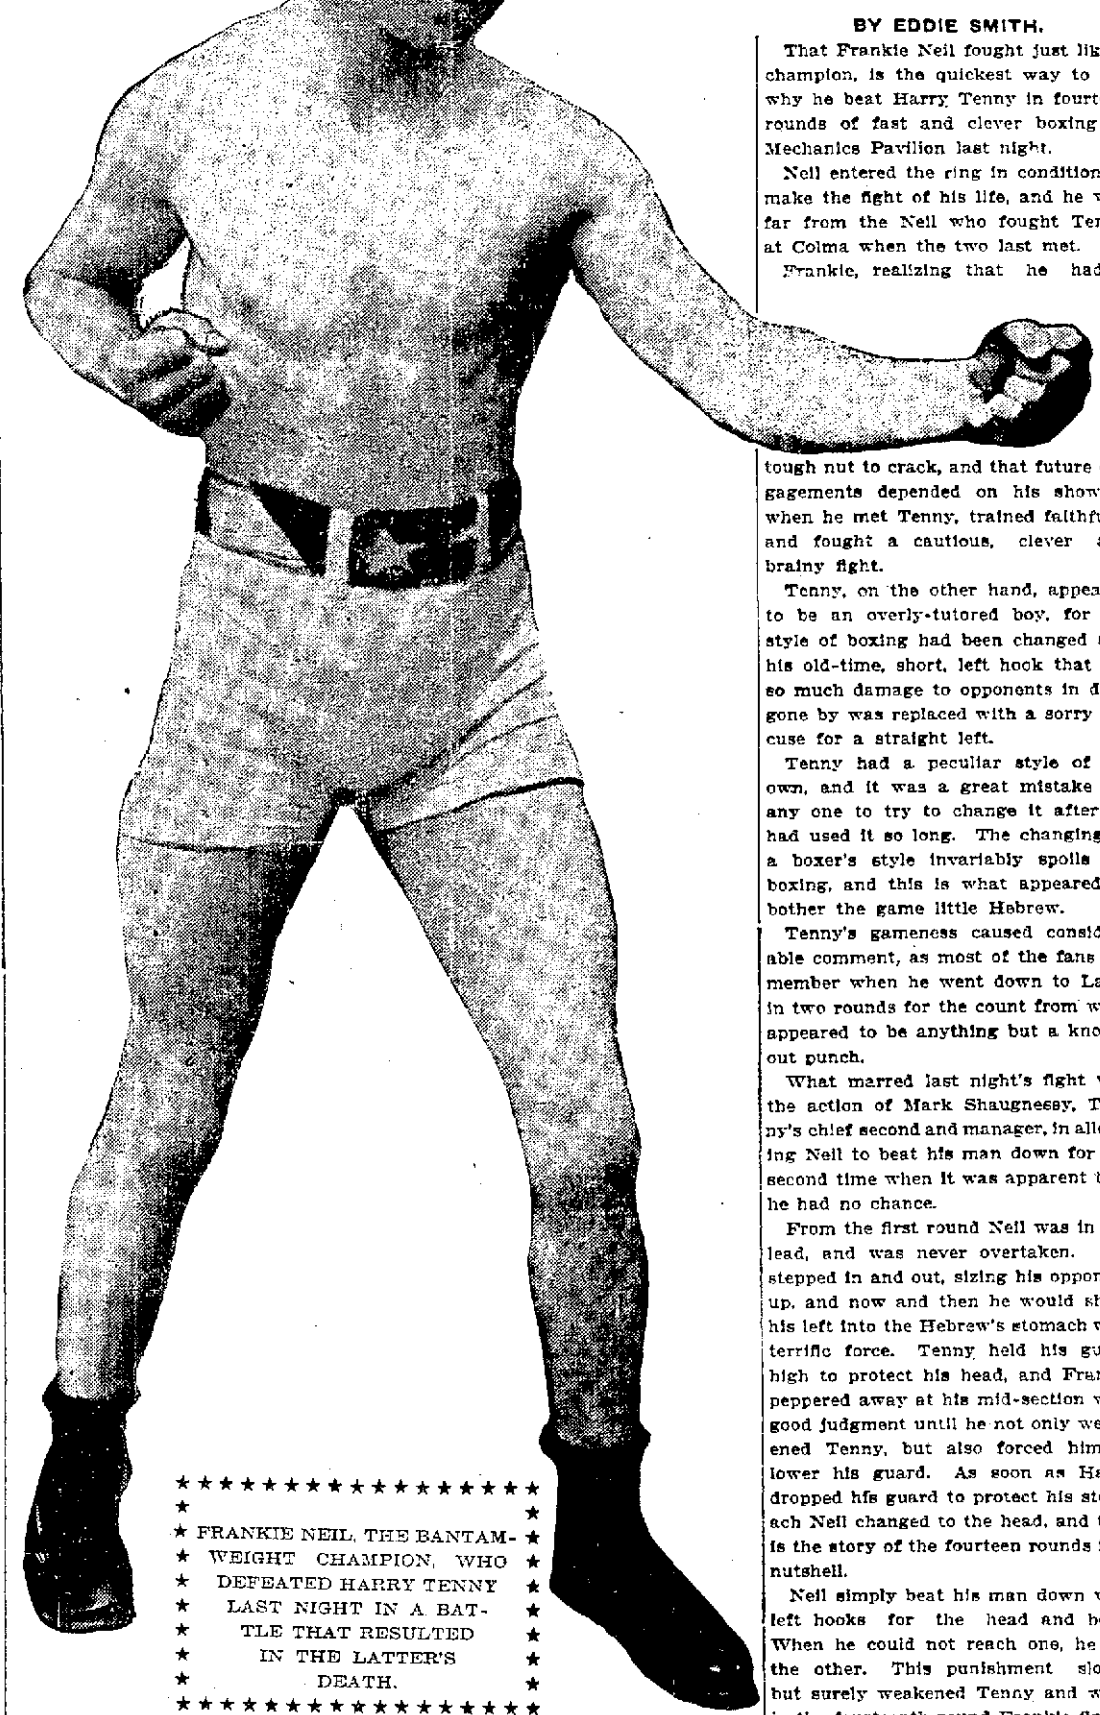

"Now, if within the next few days there is not something done to better conditions I will definitely announce my retirement from the professional game, and I will then begin an amateur tournament, with Recreation Park as the principal playing grounds. I will offer a purse of \$5000 to go to the winning team at the end of the season. It will be something on the order of the old amateur baseball series that we used to have in the old days."

Among baseball men it is whispered that Clunie's displeasure results from an attempt made by him to purchase Charley Baum, Jim Morley's good pitcher. Clunie offered to buy Baum from Morley, who asked a price which Clunie thought too high. Then Clunie, whose experience in baseball matters is limited, became displeased, and made the statement that he would retire from the game.

SAN FRANCISCO, March 1.—Harry Tenny, who was knocked out last night by Frankie Neil, the bantam champion pugilist, died at 8 o'clock this morning.

NEIL WINS FROM TENNY IN FOURTEEN FAST ROUNDS

DEMONSTRATES THAT HE REALLY HAS CLASS AS A BOXER

SELECT AN OPPONENT FOR LOAGUE AT RELIANCE CLUB

Matchmaker Eddie Smith, of the Reliance Club, has decided upon his double event for the club's coming amateur boxing exhibition to be given in the spacious gymnasium on next Wednesday evening, March 7. The one which heretofore had not been settled is to be between Henry Loague of the Reliance Club, who defeated Iron-man Charlie Dunn at the last exhibition, and Frank Gordon of the Hayes Valley Club.

It has been known for some time that Loague was to be one of the participants in the main event, but his opponent was not selected until yesterday. Gordon is a clever boxer, with a good reputation and record, and should be able to make things lively for Loague.

Jack Burke and Walter Stanton, who are to provide the other half of the big double bill, are training hard for their contest. Burke is working out in Oakland, while Stanton is preparing himself at Point Richmond. This go is expected to be one of the liveliest of the evening, as both men are high class boxers, clever in the extreme and both

JEFFS WINKS EXCEEDINGLY IMPROPER.

Jim Jeffries is being criticised for turning around in his chair and winking and smiling at his friends when Marvin Hart was introduced from a Los Angeles ring as "heavyweight champion of the world."

It really was a very coarse and reprehensible thing for Jim to do, says Bob Edgren. It showed lack of that tact and consideration so commonly associated with the fighting game. Instead of smiling that way, and even winking jocularly at his friends, Jeffries should have jumped over the ropes and started a rough-house with Hart, thus expressing his opinion that any other champion heavyweight is only a joke as long as Jeff is on earth himself. Somebody should send Jeffries a book on deportment. Living on a farm seems to have destroyed his naturally refined ideas of ringside etiquette.

EDDIE BALD TO RIDE ON COAST

CLEVELAND, O., March 1.—E. C. (Cannonball) Bald, once the premier bicycle speed merchant of the country, is attending the Cleveland automobile show. He is now connected with the Columbia people and last summer drove a winning touring car in a number of races and hill climbing events, winning many of them.

In May Bald intends to go to the Pacific Coast, where he will make a try for the San Francisco-Los Angeles road record. So far he has devoted himself almost exclusively in road races, but it is his intention to have a large and heavily powered car built which will drive in the Vanderbilt and other big races.

MAY MOVE AMERICAN HEADQUARTERS TO N. Y.

NEW YORK, March 1.—The Times today says the much discussed question whether the headquarters of the American Baseball League should remain in Chicago or be removed to New York is in a fair way of solution, and it need not surprise club officials or others directly interested in that organization if a change of base were made either before or shortly after the coming championship season has begun. President Johnson, it is known, is more favorably disposed toward coming here than he ever has been and this present feeling was brought about by the favorable expression of club owners, especially those in the East who attended the late meeting of the league in the Fifth Avenue Hotel.

According to President Johnson's notion, New York, in its commercial relations, is unquestionably the greatest distributing center on this continent and baseball affairs should be directed from such a city.

Another good reason, it is argued, why the American League headquarters should be located here is the fact that in the amicable relations now existing between the two major leagues matters frequently arise, which, instead of being taken to the national commission, might be settled at a conference between Presidents Pulliam and Johnson.

President Johnson's present intention to remove his office to New York is not the first time in which he has looked favorably upon such a scheme. Last year Treasurer Farrell of the Greater New York Club was so certain that the league leaders would come here to stay that he secured a commodious room adjoining the office of the New York Herald, and had painted on the door, "Headquarters of the American League."

Where President Johnson will locate when he does come here has not been determined upon.

CHICAGO MEN VS. RELIANCE TEAM

One of the snappiest and most exciting games of basketball witnessed in this city for many months is expected at the Reliance Club gymnasium next Saturday evening, when the Meteors of Chicago clash with the Reliance Club team. The local players are recognized as the champions of California and will doubtless render a good account of themselves against the basketballers from the Windy City.

The Meteors are regarded as one of the foremost basketball teams of the East. They left Chicago six weeks ago and have been most successful on their tour. They have played thirty-eight games, all but three on foreign soil, and only seven defeats are scored against them.

The present trip of the Meteors will cover about 8000 miles before the team gets back to Chicago about April 1. From this city they will journey to Los Angeles and return home via the Southern route.

The visiting team is light but they play a fast game. Their long passes and short tries for goal are materially from the Western passing style of play. Among some of the teams of note they have defeated in the past few weeks are the Peoria Y. M. C. A., Sioux City Y. M. C. A., University of Nebraska, Salt Lake City Y. M. C. A., and Brigham Young University.

The Meteors' line-up is: Captain Neil, right forward; Huber, left forward; Douce, center; Harris, right guard, and Toulout, left guard.

PHOENIX WILL PLAY TWO GAMES

The St. Mary's baseball team, the Phoenix, is to leave for Palo Alto tomorrow morning where the boys meet the Stanford nine in the afternoon. They will journey on to San Jose on Saturday, to meet the Santa Clara College team, the contest which has been postponed so often.

Pitcher McGrogger is ill in bed and will not be able to participate. Hopkings of the Oakland team of the Coast League is to twirl against Stanford on Friday and O'Banion will occupy the box against Santa Clara on Saturday.

OAKLAND BOY TRAINS FOR FIGHT IN NORTH

PORTLAND, March 1.—George Brown, the Oakland fighter, is here to prepare for a fight with Frank McConnell, whom he is to box twenty rounds at Vancouver on next Tuesday night, March 6.

Since he started to box as an amateur, five years ago, Brown has never lost a fight. The worst he got in all that time was a draw with Joe Thomas, who claims the welterweight championship of the Pacific Coast.

All told, he has had twenty-seven fights, of which two have been draws, twelve knockouts and the balance the decision at the end of the bout. Just 23 years old, Brown has never faced defeat in the ring, and that means much to any boxer. His more important battles have been within the last year. He boxed ten rounds to a draw with Thomas, knocked out Warren Zurbick in seven rounds and beat George Herberts, who is acquiring a good reputation for himself.

BELIEVES IN WORK.

Brown is a firm believer in work. The more fights the better. He says he would rather train that way than in the gymnasium. He had a bout arranged with Jack Gorman, a San Francisco lad, but Biddy Bishop, who was acting as manager of Gorman, refused to allow it to go on. Already training quarters have been secured at the Alcazar, corner Third and Couch streets, and the public is invited. Most of all, a few aspiring boxers are wanted to put on the gloves with

KID BELL AND ROCHE CONFER AS TO FIGHT

Kid Bell, the colored pugilist, who sent a challenge to Sacramento to fight the winner of the Snailham-Crowe battle, which took place there Tuesday night and which resulted in a draw, went to San Francisco late yesterday afternoon to see Matchmaker Roche of the Colma Club, in reference to about with Crowe at Colma, in the near future.

Roche offered Bell a fight with Crowe a short time ago, but only promised him \$50 for his appearance, claiming that this event was merely to be one of three of equal importance. Considering, however, that he and Crowe appear to be much greater attractions than any of the other fighters mentioned, Bell immediately "smelled a mouse," and formed the opinion that Crowe was being offered the big end of the purse, the supposition being that Bell could be secured for almost nothing and the balance of his share handed to Crowe. Of course this is all supposition. Bell part, but nevertheless he decided there was no sense in offering him such a measly sum for a bout of such importance, and declared that he would not consider it for a moment.

The two discussed the matter at some length yesterday, but no definite conclusion was arrived at. Although Bell believes he will win his point, if he doesn't, he says, there will be no fight as far as he is concerned.

# EDNA WALLACE-HOPPER IS ANNOYED BY MAN

## Actress Causes Arrest of the First Violinist in a New York Theater.

NEW YORK, March 1.—Edna Wallace-Hopper will appear in the Jefferson Market Court today as complainant against Max H. Hildebrandt, first violinist of the Garlick Theater orchestra, whom she charges with having annoyed her for the last four years by sending her letters and following her.

Hildebrandt was arrested on a warrant sworn out by Miss Hopper as he was entering the Garlick Theater last night. He was taken to the West Thirtieth street station and locked up on a charge of disorderly conduct.

Miss Hopper says that Hildebrandt began sending letters to her, expressing his undying love, four years ago. She paid no attention to the letters and later Hildebrandt wrote to Miss Lulu Glaser, demanding an introduction. His letters were of such a character that Miss Glaser caused his arrest and he was sent to jail.

This was the last Miss Hopper heard from the man until last summer, when more letters began to arrive. The Hildebrandt began sending postal cards and telegrams and on many occasions followed Miss Hopper to her apartments, 208 West Thirty-third street. The annoyance grew so that Miss Hopper had some friends see the man and he promised to cease his attentions and letter writing.

Hildebrandt did not remain quiet long, however, and a few months ago again began to write letters. Then, receiving no reply, the letters became threatening in tone and Miss Hopper received packages containing pistol and bullet. Postal cards resembling Mafia communications, with skull and crossbones drawn in ink, came to Miss Hopper, and only a few nights ago Hildebrandt wrote a card to Wallace Hopper, who is playing the opposite part to Miss Hopper, which stated that if the love scene in the last act were not tempered there would be a row.

In the Garlick Theater it was said Hildebrandt is an excellent musician and had been considered quiet and sensible. His arrest caused considerable surprise.

EDNA WALLACE HOPPER.

# RAILROAD PERSONALS

## Affairs of Interest to the Southern Pacific Employees.

WEST OAKLAND YARDS, March 1.—Charles Thelen, assistant to superintendent of pipe lines, B. Speed, has been at the yards for the past few days collecting machinery needed for a water plant being established for the Southern Pacific at Gila Bend, Arizona. Mr. Speed intends to attack the problem of making Arizona water fit for drinking purposes in a new way. The usual method is to introduce chemicals to precipitate the alkali, lime and other substances, which are too plentiful in the water. At the Gila Bend plant the water will simply be boiled. The steam will be carried to condensers, leaving the precipitant in the boilers, which, when cleared out, will be ready for another operation. Mr. Thelen secured a condenser, air pump and other machinery here and will have them transported to Arizona.

### ALAMEDA LOCAL.

It is semi-officially stated here that about April 1 the Alameda local which now runs from the narrow gauge mole to Alameda will be placed on a "pier to pier" run, that is, will run as usual to Alameda, then across the Webster street bridge to Oakland and down the north shore of the estuary to Oakland pier and return.

### IS SURPRISED.

Charles Haven of the machine shop, who lives at 644 Forty-sixth street, was surprised Tuesday night by the arrival of his brother, Captain E. A. Haven, of Lynn, Mass. Captain Haven is an old seagoer, and intends now to settle down on the Pacific Coast. He was first officer on the ship "America" which carried the Ziegler polar expedition from Norway in 1903 and spent two years in the ice packs near Franz Josef Land. Captain Haven was away from this country thirty months on that cruise, returning to his Massachusetts home last September. This is not his first visit to Oakland, he having put into San Francisco bay on a whaling expedition in the Pacific some years ago.

### NOTES OF YARDS.

J. B. Prentiss, of the boiler shop, out a gash in his forehead Tuesday with a mallet he was swinging on a pin. The injury was not serious enough to take him from his work.

W. R. Scott, W. H. Russell and other division officers left yesterday morning on an inspection tour and expect to be gone several days.

Repairs to the suction dredger have been completed and it will resume work dredging and filling in at the Oakland pier shortly. It has been at the yards for a month.

The Bay City has come off the ways for the last time, but probably will not resume her trips across the bay inside of a month.

The carpenter gang is overhauling the pits in the old roundhouse and making temporary repairs. Engines 1419, general, and 1023 heavy, came into the roundhouse yesterday for repairs. There are now fourteen engines in the house.

The steamer "Fruito," from Sacramento, has reached the ship yards for slight repairs. Before going back she will take the run from San Francisco to Vallejo, replacing the Herald, while the latter is being repaired.

The company's large gravel plow, which was submerged for two weeks at Elliott recently by the overflowing of a gravel pit, has reached the shops for repairs.

William Sheldon, with a large force of carpenters, is preparing to put a new iron roof on the depot at the end of Oakland pier.

General Storekeeper Ormsby of San Francisco, who has resigned on account of ill health, was here Tuesday introducing his successor, Mr. Pierce, to the various department heads. Division Storekeeper A. B. Wastell and assistant, J. T. Williams, assisted in the introductions.

The launch Emma is at the ship yards for repairs and when discharged will be taken for a trial trip by Captain F. D. Williams.

### PERSONALS.

Fred Jost, foreman of the gas house, has gone on a vacation trip to Los Angeles, accompanied by his wife.

Victor Groff of the blacksmith shop has gone to Shasta to make his home. C. J. Foley of the machine shop has returned from a vacation trip with his wife to Paso Robles.

Tom White's machinist's apprentice, has resigned.

Percy Sanborn, who was badly scalded in the machine shops three weeks ago, will be out of the hospital in about a week.

Charles Stevens, manager of the Chicago Chemical Co., visited the yards yesterday.

### NURSES OBJECTING TO THIS BILL

NEW YORK, March 1.—The nurses of New York State are up in arms against a bill regulating the practice of nursing which is now before the State Legislature. A law regulating the registration of nurses and the standards of training schools has been in operation for the last three years, and the nurses are at a loss, they say, to see why another system should be substituted for it. "We think," remarked Miss Anne Danner, president of the State Nurses' Association yesterday, "that the present bill is merely a scheme to create high salaries for a few men."

The bill provides for a State commission of nursing, with an appropriation of \$100,000 annually for the salaries of a commissioner, deputy commissioner and secretary, besides traveling expenses estimated at \$10,000 annually. An office in Albany, with "such clerical force as may be necessary," would be provided for out of the fees of the nurses. The present law is administered by the Department of Education, and the nurses consider it fully competent to continue the task, they say. The bill also provides for an examining board of medical men instead of nurses, and to this the nurses strenuously object, in which they have objected, they declare, in every State where a nurse's registration law is in operation.

### MEETING TO BE HELD.

A joint meeting of Carmel Zion Society of Oakland, the Helpers of Zion and Daughters of Zion societies, of San Francisco, will be held in the Maccohan Temple, Eleventh and Clay streets, on Sunday evening, March 1, at 8 o'clock sharp. An interesting program has been arranged for the discussion of Zionism. Rabbi Reynolds and Kaplan, the nurses, are among the speakers of the evening. It is expected that the members of the societies and their friends will participate and make this a large and enthusiastic gathering.

### FREE BAPTIST ASSOCIATION.

The Pacific Coast Free Baptist Association will hold its regular semi-annual meeting with the Oakland Church Saturday, March 1, with the following program: At 10:45 a. m., half-hour prayer meeting; 11:15 a. m., business meeting and reports from the churches; 12:30 p. m., lunch in the vestry; by 2 p. m., ladies; 2:30 p. m., meeting of Pacific Coast Free Baptist Union; 3 p. m., preaching ser-

This "Triangle A" on the box marks the emancipation of cigar-making from the bonds of old-time methods and traditions. This "A" (Triangle A) on a cigar box is the merit-mark of the new processes by which the American Cigar Company accomplishes real blending before manufacture, in place of the old hazardous mixing of tobacco during manufacture.

## RENOWN

### CIGAR—FIVE CENTS

is one of many "A" marked brands and represents the remarkable improvement in quality obtained through this new process. This cigar, like all those whose boxes bear the "Triangle A" merit-mark, will be found to have a character and quality never before given in cigars at the same price. Smoke a "Renown" and note the blended richness and mellow fragrance which accompany each puff. You will then be satisfied that there's more smoke-value and satisfaction in the "Renown" than you ever got before for a nickel.

Trade supplied by  
**S. BACHMAN, San Francisco, Cal.**

**AMERICAN CIGAR COMPANY**

## VIOLIN RECITAL IS TO BE GIVEN

More than ordinary interest is being aroused in the violin recital which is to be given by the pupils of C. F. Hamlin, assisted by Miss Alice Wood, the famous contralto singer. The recital is to be held at the Twenty-third-avenue Baptist Church, corner Twenty-third avenue and Seventeenth street, and those who enjoy an evening of music should not fail to take advantage of this excellent opportunity, for it will certainly be a rare treat to music lovers, particular devotees of the violin.

The following excellent program has been arranged: Sonata (first movement), op. 137 No. 1 (Schubert), Alexander and Willie Rattray; "Serenade" (Braga), Bert Fernhoff; accompanist, Miss Florence Fernhoff; "Waltz" (Hollaender), Edith Laine; accompanist, Ruby Laine; "Nocturne" (Chopin), Miss Alice Wood; accompanist, Miss Florence Fernhoff; "Song Without Words" (Mendelssohn), Nan Griffin; accompanist, Ellen Cunningham; "Piano Concerto" (Mendelssohn), Miss Williams; "Gavotte" (Brahms), Isabella Cunningham; (a) "Absence" (Chopin), Miss Williams; (b) "Mad Cap Marjorie" (Mendelssohn), Miss Alice Wood; "Humoresque" (Dvorak), Otto Giersch; violin quartet (Dvorak), Miss Cunningham, Miss Griffin, Mr. Giersch, Mr. Rattray.

## THE MEN AND WOMEN

Who Enjoy the Choicest Products of the World's Commerce.

Knowledge of What Is Best More Important Than Wealth Without It.

It must be apparent to every one that qualities of the highest order are necessary to enable the best of the products of modern commerce to attain permanent universal acceptance. However loudly heralded, they may not hope for world-wide preeminence unless they meet with the general approval, not of individuals only, but of the many who have the happy faculty of selecting, enjoying and learning the real worth of the choicest products. Their commendation, consequently, becomes important to others, since to meet the requirements of the well informed of all countries the method of manufacture must be of the most perfect order and the combination the most excellent of its kind. The above is true not of food products only, but is especially applicable to medicinal agents and after nearly a quarter of a century of growth and general use the excellent remedy, Syrup of Figs, is everywhere accepted, throughout the world, as the best of family laxatives. Its quality is due not only to the excellence of the combination of the laxative and carminative principles of plants known to act most beneficially on the system and presented in the form of a pleasant and refreshing liquid, but also to the method of manufacture of the California Fig Syrup Co., which ensures that uniformity and purity essential in a remedy intended for family use. Ask any physician who is well informed and he will answer at once that it is an excellent laxative. If at all eminent in his profession and has made a special study of laxatives and their effects upon the system he will tell you that it is the best of family laxatives, because it is simple and wholesome and cleanses and sweetens the system effectually, when a laxative is needed, without any unpleasant after-effects. Every well-informed druggist of reputable standing knows that Syrup of Figs is an excellent laxative and is glad to sell it, but the regular price of fifty cents per bottle, because it gives general satisfaction, but one should remember that in order to get the beneficial effects of Syrup of Figs it is necessary to buy the genuine, which is sold in original packages only, the name of the remedy, Syrup of Figs and also the full name of the Company—California Fig Syrup Co.—printed on the front of every package.

Universally Accepted as The Best Family Laxative

## ORATORIO "ELIJAH" AT FIRST CHURCH

Mendelssohn's famous oratorio "Elijah," part one, will be sung at the First Congregational Church next Sunday evening, March 4, by the chorus choir of sixty voices and soloists, under the direction of Alexander Stewart. Miss Virginia de Fremery, the organist, will play special organ numbers by Mendelssohn, and the regular soloists of the choir will be augmented especially for this service. The part of Elijah will be sung by Basses Henry L. Perry.

This is the twenty-first oratorio service given by the choir. In addition to the music of the oratorio, Mrs. Grace Davis Northrup and Mrs. Carroll Nicholson will sing as an offering the celebrated duet for soprano and alto, "The Song of the Lark," from Rossini's "The Barber of Seville." This service will commence at 7:15 o'clock instead of the usual hour, 7:30.

## TEN FORTUNES—\$2,000,000.00.

Today it is computed that there are in the United States no fewer than seventy estates that average in value \$25,000,000 each. There are ten private fortunes aggregating \$2,000,000,000—those, namely, of the John D. Rockefeller, Andrew Carnegie, Marshall Field, W. E. Vanderbilt, John Jacob Astor, J. P. Morgan, Russell Sage, J. J. Senator, W. A. Clark and William Rockefeller. There are 400 fortunes aggregating \$2,000,000,000, and 4500 aggregating \$10,000,000,000. Five thousand men in this country whose aggregate wealth is estimated at \$15,000,000,000, actually own, to say nothing of how much they control, nearly one-sixth of our entire national wealth in money, land, mines, buildings, industries, franchises and everything else of value, which sixth, if put into gold, would give them all of the yellow metal above ground in the world and leave more than \$3,000,000,000 still owing them.—Harper's Weekly.

## Positive Cure for the DRINK HABIT

Not a temporary—but a lasting cure—one that will banish forever the craving for intoxicating drinks.

## White Ribbon Remedy

Has cured thousands of cases of drunkenness and is today releasing thousands of men from their merciless captor—the drink habit.

Given in a glass of milk, tea, coffee, water or in food without the patient's knowledge. If some member of your family is a slave to this terrible habit, don't let this opportunity pass.

Help him by writing today to White Ribbon Remedy Co., 218 Tremont St., Boston, Mass., for trial package and letter of medical advice free in plain, sealed envelope. All letters confidential and destroyed when answered.

Endorsed by Physicians and Clergymen. White Ribbon Remedy sold by druggists everywhere or sent by mail in plain package. Price \$1.00.

## TRAGIC DEATH OF MINING MAN'S WIFE

Claremont Citizen Returns With  
Body of Beloved Companion,  
Who Perished by Fire.

BERKELEY, March 1.—Bowed with sorrow, George Cox has returned to his beautiful Claremont home, bringing with him the story of his wife's tragic death recently. Mrs. Cox died on February 22 at the Cox gold mines in the hills of northern Lake county as the result of terrible burns caused by a lamp explosion. The flames of the unfortunate woman's clothing. Her cries brought her

husband to the rescue and he carried her to the creek, where he succeeded in extinguishing the flames. The injuries were so bad, however, that death resulted. Mr. Cox is heartbroken over the sorrow that has come into his home. Three years ago his son met a tragic death in Lake county as the result of a fire. The body of the mother will be placed beside that of her son in the family vault in Mountain View cemetery.

## PROTECTION FOR FINISHING THE TOMATOES FIRE HOUSE

SOOT SAID TO BE USED SUCCESSFULLY BY SOME IN THEIR  
FIELDS LAST YEAR.

HAYWARD, March 1.—Now cometh the time of the devastations of the slug and the tomato worm, but some of the tomato raisers are dithering themselves that they have found a remedy for the tomato worm and the like—nothing less than soot, plain, unadulterated soot from the stovepipes. They used it last year and it worked. They sprinkled it on the vines when set out and Mr. Tomato Worm shivered up and died in disgust. Some of them paid \$50 to learn the secret of how to get rid of the tomato worm, and reckoned the price cheap. They learned the secret, too, of their Italian neighbors, at least in some cases. Among those who profited by the knowledge last year are Frank Carr and William Shaffer, who can give particulars of it. Certainly if the remedy is what is claimed for it by Frank Carr, it is of extreme value to tomato growers in this section and elsewhere. It is certainly cheap and worth trying. It is believed that it would work equally well on snails. Alex. Rose of Elmhurst reports having lost his garden this year through the ravages of snails and it is reported on the authority of Frank Carr that a farmer between Hayward and Alameda had 100 acres of wheat eaten down by them recently, before the grass got up sufficiently for them.

FRUITVALE WOODMEN TO GIVE ENTERTAINMENT TO PAY FOR SAME.

FRUITVALE, March 1.—The benefit for funds to complete the Fruitvale fire engine house, which has been arranged by Camp 461, W. O. W., of this place, and will consist entirely of performances by juveniles, promises to be a swell local affair. One thousand tickets have been issued and it is expected that every one of them will be sold. They are but 25 cents apiece. The entertainment is to be taken place on the 10th.

CLUB TO ENTERTAIN. Latham Terrace Improvement Club will entertain its friends in Thomas Hall, Twenty-third avenue, on Saturday evening of this week, as announced in T235. It will consist of a dinner, with "An Old Maid's Convention," which it is calculated will show the young maids that they will have to get up and dust and put their house in order to keep up with the present. There will be a literary entertainment, a comedy and a dance, all for the popular price of 25 cents.

LOST TRUNK. E. J. Harris of Perilla avenue called in an expressman driving a rig with a blue box and a double team, several days ago, and gave him an empty trunk to be taken to a certain place in Fruitvale and fixed. The expressman did not take it there, and as all the identification of Harris can give of him is "a blue box and a double team," he is wondering where he did take it, and getting ready to pursue his mouth up to say that "it wasn't much of a trunk, however."

ADVERTISED LETTERS. The letters advertised last week at Fruitvale just now, but the letters may be important to those for whom they are intended. They are for Miss Rosa Burns, Mrs. William H. Bassett, Mrs. H. J. O'Connell, Mrs. L. Condit, Mrs. Floyd, Miss Pearl King, Mr. Esmer, R. Gaudin, Lim Sam, Leigh J. Rowley, 1432 Lick avenue.

## "SOPHS" ELECT OFFICERS

BLUE AND GOLD ELECTION IS IN  
PROGRESS ON  
CAMPUS.

BERKELEY, March 1.—The Sophomore class of the University of California is electing a Blue and Gold editor and business manager today. The polls will close at 5 o'clock.

The principal topic of conversation is "executive ability, coupled with a knowledge of men." From all accounts both Thatcher and Harrison seem to possess these qualities to a wonderful high degree. About the only man who is sure of election is Harry Jenkins, candidate for manager. He has no opposition.

## GENERAL WOODRUFF TO MAKE ADDRESS

ALAMEDA, March 1.—Next Saturday afternoon the union meeting of the Adelphean Club will assume a most patriotic air. General Woodruff, U. S. A., will be the guest of the club and will address the members and their invited guests. Songs made famous during the civil war will be sung by the Golden Gate Quartet, which is composed of Brian Omatrom, first tenor; A. A. Mountr, second tenor; J. de P. Teller, first bass; and H. L. Perry, second bass. Among the airs they will render are "Way Down Upon the Swane River," "My Old Kentucky Home," "The Vacant Chair," "When Johnny Comes Marching Home," "Rally Round the Flag Boys," "Tenting Tonight on the Old Camp Ground," "Professor W. E. Barnette," "Will Sing 'The Star Spangled Banner'."

The program, which is surely one that will quicken the blood, was arranged by Mrs. H. A. Hubbard, who will give a short talk on "Songs of the Civil War."

**And many other painful and serious ailments from which most mothers suffer, can be avoided by the use of "Mother's Friend." This great remedy is a God-send to women, carrying them through their most critical ordeal with safety and no pain. No woman who uses "Mother's Friend" need fear the suffering and danger incident to birth; for it robs the ordeal of its horror and insures safety to life of mother and child, and leaves her in a condition more favorable to speedy recovery. The child is also healthy, strong and good natured. Our book "Motherhood," is worth its weight in gold to every woman, and will be sent free in plain envelope by addressing application to Bradfield Regulator Co. Atlanta, Ga.**

## SECOND CONCERT GIVEN

SYMPHONY MUSIC ATTRACTS  
THROUGH TO THE UNIVER-  
SITY GROUNDS.

BERKELEY, March 1.—The second symphony concert was held in the Greek Theater this afternoon at 3:30 o'clock. The title of this symphony is "The Mozart Festival," which included the following program: By Mozart—The symphony in G major, the minuetto from the symphony in E flat and the overture to the "Magic Flute." Those by Wagner were: The Siegfried Idyll and the overture to Rienzi, the last of the Tribunes. The immense gathering of 4075 of the first symphony was surpassed by far. The Southern Pacific and Santa Fe had offered special rates to people coming from Stockton, Sacramento, Napa, Marysville, San Jose and intermediate points.

The schedule of future musicales follows: March 15 and 20, and April 12 and 18. At the closing concert on April 26 the University chorus of 500 voices, with soloists and with the aid of the full symphony orchestra, will give Handel's "Messiah."

Lawson—Jones always thinks before he speaks, doesn't he? Dawson—Yes, but when he doesn't always say what he thinks.—Somerville Journal.

## MONEY PAID OUT CO-EDS TO WEAR BY DIRECTORS GOLDEN KEYS

BILLS APPROVED BY BOARD OF  
EDUCATION AND OR-  
DERED PAID.

BERKELEY, March 1.—Town Auditor M. L. Hanson has made the following report on the condition of school finances: Town school fund, \$2365.56; High school fund, \$4518.98; county school fund, \$1299.54; State school fund, \$18,985.53; county special fund, \$218.84; county library fund, \$113.53; town special fund, \$4500; State High school fund, \$1385.55; county special building fund, \$88,890.94.

The finance committee of the school board has reported favorably on the following claims against the various school funds:

Building fund—A. H. Broad, \$700; Henry W. Taylor, \$13.15; Whitaker & Ray Company, \$5.40; Charles Van Hulle, \$329.60; M. A. Redding, \$161.15.

High school fund—Teachers, \$3292.85; janitors, \$180; Vera Percival, \$20; Martinez Brothers, \$56.10; Oakland Gas, Light and Heat Company, \$6.76.

State school fund—Teachers: Hildebrand, \$293.50; Whittier, \$1242.35; Longfellow, \$296.80; Commercial, \$206.25; McKinley, \$1257.65; Le Conte, \$565; Lincoln, \$1284.49; Columbus, \$667.50; Grayson street, \$73.86; L. V. Sweeney, \$400; Elese T. Wiley, \$67.60; San Pablo, \$306.50.

County school fund—C. S. Merrill, \$50; Town school fund—Janitors, \$745; S. D. Waterman, \$200; Emma Morris, \$40; Otto A. Putzker, \$7.25; Berkeley Electric Company, \$5.00; Sunset Telephone and Telegraph Company, \$25; A. Brundsen, \$9.16; C. F. Weber Company, \$42.20; George D. Prentice, \$63.04.

## ALAMEDA CLUB SMOKER

MEMBERS ENTERTAIN A NUM-  
BER OF INVITED  
GUESTS.

ALAMEDA, March 1.—With large cigars and good cheer the members of the Central Improvement Club spent a pleasant evening last night, the occasion being the regular smoker of the club.

There was a goodly attendance of invited guests who during the evening spoke on the many advantages of this city. The railroad branches were discussed, the improvement of the vacant lots and other subjects of interest to those who are working for the betterment of the Isle City.

The meeting was opened by President Noy who welcomed the guests of the club. He stated the aims of the association declaring that the members were working for a greater Alameda, not in the sense of extending its boundaries, but of becoming a city known for its many nature advantages, for the establishment of manufacturing enterprises. He spoke of the great increase of the population of this city since he came here and complimented the members on the work which had been done in the last year.

City Clerk James Gilroy explained to the members the status of the railroad question. He stated that at the meeting of the Trustees Monday evening the matter would be settled. He declared that the aim of the citizens in such matters aroused great interest and always brought results.

F. W. McCann, who resigned from the Alameda Advancement Association because he believed the members were not without strings which forbade them discussing such questions, spoke on the satisfactory progress made in railroad affairs. He paid a high compliment to the various associations and stated that the residents of a city were better qualified to pass judgment on the merits of a project than any person brought to this city to do much work who did not know the people.

Charles Kiesel declared that all Alamedans should know their town and know its people in order to attract other persons to this vicinity. He had but lately joined the club and was not familiar with its work, but pledged himself to do all he could to advance the interests of the city.

J. Matheson, who a few weeks ago appeared before the trustees and spoke in favor of granting a franchise to a competing road expressed the same views. He created much merriment by his quaint remarks.

Other speakers were J. C. Howlett, M. K. Hawkins, J. J. Daniels, A. E. Korber and M. M. Morris.

During the evening Professor and Mrs. Schultz played a number of duets in a finished style. The music was enjoyed by all present and was a fitting close to a jolly entertainment.

## SPECIAL SERVICE AT ALAMEDA CHURCH

ALAMEDA, March 1.—The following service will be rendered in Christ Church March 4, at 8:30 p. m.:

Prelude, "Stimpe Aveu" (Thome), organ and orchestra; Processional hymn 403, "O Mother Dear Jerusalem"; Versicles, responses (Tallies); Psalter, sixth selection, Psalms xxxii, 121; magnificent; Nunc Dimittis, in E flat (C. H. Lloyd); Creed, candles, responses prayers (Tallies); hymn 82, Savior, Again to Thy Name; anthem, "I Will Sing of Thy Power" (Sullivan); C. A. Katzenbach, soloist; quartet, "Lead, Kindly Light" (Buck); Golden Gate Quartet—Frank Omatrom, first tenor; A. A. Mountr, second tenor; J. de P. Teller, first bass; H. L. Perry, second bass. Offertory, hymn 450, "All Hail the Power of Jesus Name"; presentation of alms, "Praise God from Whom all Blessings Flow"; Anthem, Sanctus, from Monte Solenne (Gounod); A. A. Macurda, soloist; prayer (Tallies); Recessional hymn 507, "The Son of God Goes Forth to War"; postlude, "War March of the Priests" from Athalia (Mendelssohn); organ and orchestra.

MARY VAN ORDEN.

## BRIGHT GIRLS AND MALE STU- DENTS WHO HAVE BEEN HONORED.

BERKELEY, March 1.—Miss Mary Van Orden, deemed one of the prettiest co-eds in college, is now qualified, with fifteen other students, to wear the famous golden key to the Phi Beta Kappa.

At a meeting of Alpha Chapter of Phi Beta Kappa for the State of California, eleven seniors and five juniors were awarded golden keys, indicating membership in the honor society.

The new scheme for electing juniors was announced last year, but the delegation of 1907 men was the first to be elected under the new rules.

The following were admitted to membership:

From the faculty—Professor W. A. Merrill.

From the alumni—Professor C. H. Ricker, '88.

From the senior class—E. B. Babcock (B. S. December, '05), L. D. Bennett, W. J. Cooper, Miss J. M. Kern, W. E. Lyman, Miss H. E. Mayer, W. J. Mudgett, H. E. Squire, Miss M. Van Orden, Miss H. E. Watson.

From the junior class—N. A. Elmer, H. N. Herrick, J. Klein, Miss H. G. Mangels, H. E. Sherman, Jr.

## PRODUCTION IS A SUCCESS ON SUNDAY

EXCELLENT PERFORMANCE OF  
MARY OF MAGDALA IS  
GIVEN.

ALAMEDA, March 1.—The production of "Mary of Magdala," given at the Notre Dame Academy in this city, was a most decided success. Those who took part in the production made a decided impression on those in attendance. The cast follows:

Gabinius, first guard of Herod's Palace, Frances Ramsey; Mary Salome, mother of John the Evangelist, Nellie McMahon; Suanannah, the young bride of Cana, Margaret Mowbray; Veronica, a holy woman, Mary Barr; St. Maximin, Bishop of Aizen Province, Katherine Courtney; guards of palace, Mary Hecker, Bessie Larkey, Blanche Leballet, Lupita Canizales, Freda Donat, Katherine Ryan, Herod, tetrarch of Galilee, Larry Campbell; Herodias, usurper of the throne, Loretta Kipp; Chusa, Herod's steward, M. Smith; Jane, wife of Chusa, Margaret McEllin; Angelic Choir, Gertrude Hughes, Mildred Foster, Janet Painter, Alice Hughes, Minnie Kist, Angela Smith, Korinna Hartog, Josephine Wall, Mildred Mallon, Genevieve Morris, Margery Scaney, Invisible Choir, Rena Smith, Agnes Scholten, Louise Rhein, Anita Copp, Lorine Kipp, Doris Koenig, Bessie Viera, Marie de Bernardi, Marie Ross.

In a few days we shall see the picture of the man who sprang into prominence by receiving an invitation to the wedding at the White House—Baltimore Sun.

## SCOTT'S EMULSION

There is no animal fat that compares with it in nourishing and building up the wasted, emaciated body. That is why children and anæmic girls thrive and grow fat upon it. That is why persons with consumptive tendencies gain flesh and strength enough to check the progress of the disease.

## AS IT WAS IN OLD LUNNON

SCENE WHEN LICK OBSERVA-  
TORY MAN GOT HIS GOLD  
MEDAL.

BERKELEY, March 1.—The London Morning Post, issue of February 10, 1906, contained the following article regarding the conferring of the annual gold medal of the Royal Astronomical Society on Professor William Wallace Campbell.

"At the eighty-sixth anniversary meeting of the Royal Astronomical Society held at Burlington House yesterday the president, W. H. Maw, announced that the society's gold medal this year had been awarded to Professor William Wallace Campbell, of the Lick Observatory, California University, in recognition of his spectroscopic researches. In a lengthy review of Professor Campbell's work the president said that he had greatly increased their knowledge of stellar motion. As Professor Campbell could not attend he would ask the American Ambassador to transmit the medal to him. There was a peculiar fitness in Whitehall being performing that duty, because he was son-in-law of D. O. Mills, whose organization of expeditions had done much to assist Professor Campbell's scheme of research."

Whitehall, in accepting the medal on behalf of Professor Campbell, said: "It is a pleasure to serve as the medium for transmitting this mark of your distinguished approval to my countryman on the far Pacific Coast of the United States. Professor Campbell will certainly value your decoration as highly as a soldier or statesman would value one sent him by a sovereign. In his name I beg to tender profound thanks to the Royal Astronomical Society for this medal, and to you, sir, as its President, for the learned and generous appreciation of his work to which we have just listened. I am warranted in adding also the thanks of the Lick Observatory and for the great University of California, of which it forms a part. My country is proud of every advance in art or science made by her sons, and prouder of those than of triumphs in trade or in war—and will be gratified that this high recognition for service to one of the noblest of sciences comes from a land to which we are so closely related, and to whose judgment we attach such importance. (Cheers)."

Subsequently the report of the council and the accounts were adopted. The report stated that the number of Fellows was now 709, and the accounts showed that the investments had been increased by 1436 pounds sterling.

## PRODUCTION IS A SUCCESS ON SUNDAY

EXCELLENT PERFORMANCE OF  
MARY OF MAGDALA IS  
GIVEN.

ALAMEDA, March 1.—The University cadet band will give a half hour of music in the Greek Theater at 4 o'clock next Sunday afternoon, March 4. The program, which has been arranged by Conductor S. Frederick Long Jr., '07, will be as follows: "Star Spangled Banner"; march, "Gate City" (A. F. Weldon); solo, Young Werner's "Old Songs," from the Trumpet Band; "Backbone" (V. V. Neander); overture, "Poet and Peasant" (Fr. V. Suppe); waltz, "Love and Holm"; "The Diplomat" (Souka); "The American" (Souka). The public will be welcome. The band will be closed at 4 o'clock and will remain closed throughout the program.

A good graft is rather to be chosen than great riches.

There's no tool like an old fool.

Don't kill the goose that lays the golden egg.—Caroline Wells in Everybody's.

## A NECESSARY EVIL

Experience of a Minister Who Tried  
To Think That of Coffee.

"A descendant of the Danes, a nation of coffee drinkers, I used coffee freely till I was twenty years old," writes a clergyman from Iowa. At that time I was a student at a Biblical Institute, and suddenly became aware of the fact that my nerves had become demoralized, my brain dull and sluggish and that insomnia was fastening its hold upon me.

"About this time I believe that these things came from the coffee I was drinking, but at last was forced to that conclusion, and quit it."

"I was so accustomed to a hot table beverage and felt the need of it so much, that after abstaining from coffee for a time and recovering my health, I went back to it. I did this several times, but always with disastrous results. I had about made up my mind that coffee was a necessary evil."

"One time a friend told me that I would find Postum Food Coffee very fine and in many respects away ahead of coffee. So I bought some and, making it very carefully according to the directions, we were delighted to find that he had not exaggerated in the least. From that day to this we have liked it better than the old kind of coffee or anything else in the way of a table drink."

"It is a great relief to me in a very short time, an increase in strength, clearness of brain and steadiness of nerves; and sleep, restful and restoring, came back to me."

"I am thankful that we heard of Postum, and shall be glad to testify at any time to the good it has done."

"Name given by Postum Co., Battle Creek, Mich."

There's a reason. Read the little book "The Road to Wellville" in packages.

## EDMUND HASKELL PASSES AWAY

WELL KNOWN YOUNG MAN OF  
ALAMEDA DIES AFTER  
OPERATION.

ALAMEDA, March 1.—Edmund Vore Haskell, the only son of Mr. and Mrs. Walter W. Haskell, passed away Tuesday night at the home of his brother-in-law, Dr. W. A. Clark, superintendent and resident physician at the County Infirmary, the cause of his demise being appendicitis. The young road to recovery until late yesterday afternoon, when he had a sinking spell and passed to the Great Beyond.

The deceased was a native of this city, and was 26 years of age. He was educated in Alameda's public schools and was popular in local society circles.

His father is the Pacific Coast agent for the Travelers' Life Insurance Company. Young Haskell was not a member in the National Bank of the Pacific, San Francisco.

The funeral took place this afternoon at 2 o'clock from the Masonic Temple in this city, the last rites being performed by Eden Lodge, F. and M., of San Leandro, of which the deceased was a member, assisted by Oak Grove Lodge No. 215 of this city. The remains were interred in the Oakland Crematorium.

## OBJECTS TO GIRL WALKING OVER LOT

ALAMEDA, March 1.—Mrs. Florence Conrad, who lives on the shores of San Leandro bay, near the narrow gauge trestle, was arrested this morning on the charge of disturbing the peace, the complaint being sworn to by Charles Radtitz, otherwise known as "Dutch Charlie."

Radtitz claimed that Mrs. Conrad has cultivated the habit of climbing the fence that surrounds his domicile in order to make a short cut to the butcher and grocer. He told her to cease her climbing aspirations and trouble started. Justice of the Peace Cone will listen to their troubles next Friday afternoon at 3 o'clock.

## SENDING A VERBAL MESSAGE BY MAIL

Instead of sending a cold and more or less formal written letter to a distant friend, it is now possible to send by mail a verbal message, which may be as warm and thrilling as the sender desires. Says a writer in the March issue of the Technical World Magazine:

"This has been made possible by the invention of the Frenchman, M. Rucheloux, Marotte, and Tochow, who have perfected a photograph record of sufficient quality to be used as a card, which contains the hard usage of the past, and is ready to voice the message it contains upon delivery at its destination."

A material called "Sonortina," which has all the advantages of wax, and the added quality of being indestructible, is used by the inventor to produce the record. The record is made by a spiral which begins with the first use of the voice and travels toward its center, filling the card completely with the exception of a small circular spot in the middle. A card will hold about thirty words.

Sonortina has not as yet been introduced in America, but no doubt will be within a short time.

## THE FRENCH BRICKLAYER

Samuel Compers, the re-elected chief of the American Federation of Labor, was pointing out the fact that unions have done for workmen.

"In France," he said, "there are few unions, and a French bricklayer told me that the day that the unions were in consequence unreasonably low there."

"The bricklayer said with a laugh that a fine day the unions were in consequence unreasonably low there."

"The very thing! You must look into it, he said. It is a matter of fact. The bricklayer said that he had been worked to death, and he would be paid enough to live on."

"He said he was worked to death," he muttered.

"Yes, said his wife; and paid enough to live on."

"He frowned."

"Hal," he said, "some catch about that."

## GREAT CANALS AS PANIC CAUSERS

"The effect of opening the Suez canal," writes William R. Stewart in the March Technical World Magazine, "was so marked in the first confusion which it introduced into the business world that it continued one of the prime causes of the present commercial and industrial panic of 1914."

"By transferring the distributing points for trade from England to the Mediterranean ports of Southern Europe, it terminated the vast warehouse distribution system of the former country, and led to the disappearance of the class of merchant princes who hitherto had monopolized the Eastern trade. As it was with the owners of English warehouses, so it was with the owners of warehouses of sailing vessels and the dealers in six months' bills. For the Suez canal, by bringing steamers into use in place of the sailing vessels which had been making the long and longer voyage around the Cape, enabled a cargo to be sold and delivered within a month after the order had been sent, and business men without capital were able to borrow money at a low rate and supplant the old established houses in the Eastern trade."

## PARISIAN POLITENESS

There is a thin coating of ice on the pavement. Horses slip and stumble, and one of them falls, but it is not hurt. It is so slippery that her efforts to raise her head are in vain.

The coachman takes off his triple-imped coat with a chivalrous air and with a gesture as if he is spreading it before the feet of the poor beast. Then he takes off his leather cap, shows his jolly red face and with a low bow addresses the animal: "Madame, will you do me the honor?"

And "Madame" rises with difficulty, and the two, supporting each other, go on their way, the horse and the coachman, the delighted crowd—Paris Letter to the London Outlook.

## FACTS FOR HIGH SCHOOL

SOME OF THE DATA SUBMITTED  
BY THE COMMITTEE AT  
SAN LEANDRO.

SAN LEANDRO, March 1.—The report of the committee on High School to the last meeting of the Board of Trade showed painstaking research, and while it was not complete, and while the item regarding the total expense of Union High School No. 4, as reported by the committee is comparatively low, the report will help greatly to enable citizens of San Leandro to make up their minds what is best for them to favor individually.

The committee suggested three courses, one of which might be taken by the people as a school district. They were:

First: To maintain a high school of their own; second: to join with Elmhurst and Fruitvale (No. 4) district; third: to have an act passed by the legislature to lay a tax to pay the tuition of pupils, they having the privilege of any high school they wish.

The committee also presented the following facts in tabular form, which will help citizens to make up their minds:

Hayward—Annual cost, \$6800; from State per pupil, about \$15, \$1200; balance, \$5600; rate of taxation, 15c to 16c; valuation, \$3,500,000; salaries paid, \$140,000; pupils enrolled, 50.

San Leandro—Annual cost, \$6800; from State per pupil, about \$15, \$1200; balance, \$5600; rate of taxation, 25c; valuation, \$1,820,000; salaries paid, \$6250; pupils enrolled, 40.

San Leandro—Annual cost, \$6800; from State per pupil, about \$15, \$1200; balance, \$5600; rate of taxation, 25c; valuation, \$1,820,000; salaries paid, \$6250; pupils enrolled, 40.

San Leandro—Annual cost, \$6800; from State per pupil, about \$15, \$1200; balance, \$5600; rate of taxation, 25c; valuation, \$1,820,000; salaries paid, \$6250; pupils enrolled, 40.

San Leandro—Annual cost, \$6800; from State per pupil, about \$15, \$1200; balance, \$5600; rate of taxation, 25c; valuation, \$1,820,000; salaries paid, \$6250; pupils enrolled, 40.
